May 28, 2019	Town Council Public Hearing	7:00 p.m.
June 4, 2019	Town Council Work Session	7:00 p.m.
June 11, 2019	Town Council Public Hearing	7:00 p.m.

**TOWN OF HERNDON, VIRGINIA
PROCLAMATION
ASIAN PACIFIC AMERICAN HERITAGE MONTH
MAY 2019**

Asian Pacific American Heritage Month celebrates the history, traditions and culture of Asians and Pacific Islanders in the United States and honors the millions of Americans who trace their ancestry to Asia and the Pacific Islands ~ representing more than 30 nations. First established as a weeklong celebration by Congress in 1977, Presidents continued to issue proclamations honoring 'Asian Pacific American Heritage Week,' until 1990, when Congress expanded the observance to a month. In 1992, Congress passed a law annually designating May as **Asian Pacific American Heritage Month**. May was chosen to commemorate the immigration of the first Japanese to the United States on May 7, 1843, and to mark the completion of the transcontinental railroad on May 10, 1869, as the majority of those who laid the tracks were Chinese immigrants. The landing of the S.S. Gaelic into Honolulu Harbor on January 13, 1903, marked the first wave of Korean immigration.

Therefore, the Mayor and Town Council of the Town of Herndon, Virginia, hereby proclaim the month of May 2019 as **Asian Pacific American Heritage Month**. Together with this year's theme ~ 'Unite Our Mission by Engaging Each Other' ~ we recognize that Asian Pacific Americans, who through their hard work and engagement; dedication to family; and a strong sense of community, have helped to unite and sustain our nation; and have continued to break down barriers of discrimination, indifference, intolerance, and worked toward inclusion of people from all backgrounds.

Further, the Mayor and Town Council of the Town of Herndon, Virginia, hereby celebrate Asian Pacific American citizens, for their commitment to leadership, dedication to knowledge, and determination to succeed; and highlight their contributions across all aspects of our society, including the arts, science, industry, government, and commerce.

Further, the Mayor and Town Council of the Town of Herndon, Virginia, hereby encourage all residents to learn more about the history of Asian Pacific Americans, and to observe this month with appropriate programs and activities celebrating these diverse cultures.

TOWN OF HERNDON, VIRGINIA
PROCLAMATION
MEMORIAL DAY
MAY 27, 2019

Memorial Day, observed each year on the last Monday in May, originated after the American Civil War, to commemorate the Union and Confederate soldiers who had died during the war. By the 20th century, **Memorial Day** was extended to honor all Americans who died while serving in our nation's armed forces. During this holiday, we emphasize that the invaluable freedoms and securities that citizens of the United States enjoy are direct results of the bloodshed and continual vigilance of the United States Armed Forces over the course of our nation's history, and we honor and preserve the legacy of these great Americans.

Therefore, the Mayor and Town Council of the Town of Herndon, Virginia, hereby recognize Monday, May 27, 2019, as **Memorial Day** in the Town of Herndon; express our deepest appreciation to the men and women in uniform who have paid the ultimate price to defend the United States and the principles on which it was founded; and admire their unwavering devotion to our great nation.

Further, the Mayor and Town Council of the Town of Herndon, Virginia, hereby implore all Americans to pay tribute and show gratitude toward the men and women in the Armed Forces and their families, through the display of flags and red, white, and blue ribbons throughout the month of May, and especially on **Memorial Day ~ Monday, May 27, 2019**.

Further, the Mayor and Town Council of the Town of Herndon, Virginia, hereby encourage all individuals to honor **Memorial Day** with the appropriate events and activities.

TOWN OF HERNDON, VIRGINIA

RESOLUTION

MAY 14, 2019

Resolution- to adopt the FY 2021 through FY 2025 portion of the FY 2020 - FY 2025 Town of Herndon Capital Improvement Program.

WHEREAS, the Town Manager of the Town of Herndon, Virginia, caused the development and submission of the proposed FY 2020 – FY 2025 Capital Improvement Program by the town staff to the Planning Commission; and

WHEREAS, the Planning Commission held a public hearing on the proposed FY 2020 – FY 2025 Capital Improvement Program on February 25, 2019; and

WHEREAS, the Planning Commission recommended a Capital Improvement Program to the Town Manager on February 25, 2019; and

WHEREAS, the Town Manager reviewed the Planning Commission recommendation and developed a similar recommendation with several adjustments on April 1, 2019 as part of the FY 2020 Annual Operating Budget proposed to the Town Council; and

WHEREAS, on April 23, 2019, the Town Council adopted the Fiscal Planning Resolution for the FY 2020 Annual Budget, including the Capital Improvement Program; and

WHEREAS, the Town Council held a public hearing on the FY 2021 through FY 2025 portion of the FY 2020 - FY2025 Capital Improvement Program on May 14, 2019.

NOW, THEREFORE, BE IT RESOLVED that the Town Council of the Town of Herndon, Virginia, hereby:

1. Adopted funding for the FY 2020 portion of the FY 2020 – FY 2025 CIP on April 23, 2019 for a total of \$2,639,000 for general government capital projects.
2. Approves and adopts the FY 2021 through FY 2025 portion of the FY 2020 - FY 2025 CIP, as reflected in Attachment 2 and 3 of the staff report of May 7, 2019, incorporated by reference, which includes the FY 2020 – FY 2025 CIP Summary Sheets and Financial Analysis, dated May 7, 2019.

MANAGEMENT SUMMARY AND TABLE OF CONTENTS

MANAGEMENT SUMMARY

The annual CIP process provides an opportunity to consider the needs and priorities for the public facilities and utilities of the Town of Herndon. The CIP serves as both a budget document for fiscal year 2020 and as a tool for short term planning over the succeeding five years. The FY 2020 - FY 2025 Capital Improvement Program (CIP) provides a strategic funding plan that reflects the town's FY 2020 Operating Goals and the Town Council's adopted 2035 Vision Strategic Plan.

The FY 2020 - FY 2025 CIP contains 47 capital projects for the six-year cycle. The program includes 35 general government projects and 12 enterprise fund projects. Many of these projects and programs are on-going from previous capital improvement programs. Projects are generally revised each year as funding, planning, design and other factors affect cost estimates.

Several funding sources are identified to support specific projects. In addition to General Fund monies, the CIP plans for the use of capital grants, capital lease/purchase, general obligation bond proceeds and other funding sources. The sale of general obligation bonds pledges the full faith and credit of the town for their repayment, which is typically over a 15 to 20 year period.

The proposed program makes use of nearly \$26 million in grant funding from several sources in support of 18 of the general fund CIP projects. The grant sources include county, state and federal grants. Major debt financing includes general obligation bond funding for general fund projects such as Runnymede Park, Utility Undergrounding, and Sidewalks and Minor Trails. The Downtown Art Center is planned for \$1.3 million in general obligation bond funding FY 2021. Total general obligation bond funding for the six year CIP is \$11,760,000. \$3,600,000 in general obligation bond commitments for the downtown parking fund are in addition to the \$11,760,000 total for general fund projects.

Enterprise funds are independent of the general fund and capital projects are supported by the revenues generated by the particular fund. This includes debt service on capital items repaid by fund revenues. Additional debt financing supported by the Water and Sewer Fund revenues includes a sewer treatment capacity purchase of \$22,000,000 in FY 2021 and a Sewer Conveyance cost of \$13,600,000 spread over three fiscal years. The other Water and Sewer Fund projects which are not as large rely mainly on fund revenues and availability fees.

A breakdown of all CIP funding by source is provided each year with the Town Council staff report. This document covers all types of funding in order to plan for a fully funded program over the entire six-year period.

I. OVERVIEW

I. OVERVIEW

PURPOSE

The purpose of the Capital Improvement Program (CIP) is to provide a practical plan for the acquisition, development, enhancement or replacement of public facilities to serve the town citizenry. The CIP is a realistic, six-year program for implementing the capital priorities of the town within identified funding constraints. The programming of capital improvements aids in the efficient and effective provision of public facilities and services.

As opposed to operations and maintenance, capital projects require major expenditures for such items as public land, structures, utility systems, streets, and major equipment. Projects or programs requiring a total commitment of less than \$50,000 are not normally included in the town's CIP.

TOWN OF HERNDON OPERATING GOALS

The CIP is a critical component of the town's goal setting, budgeting, evaluating, and reporting system, as identified in the adopted budget. After final adoption by the Town Council, the CIP serves as a budget document and funding authorization for the first fiscal year of the program as well as a planning tool for the remaining five years of the six-year schedule. The CIP is updated annually and is considered a component of the town's comprehensive plan.

The town operates on a July 1 through June 30 fiscal year. The term "FY 2020," for example, is used to refer to the July 1, 2019 through June 30, 2020 fiscal year. The CIP is developed concurrently with the programs and activities that comprise the annual operating budget. The Financial Analysis component of the CIP is finalized after the operating budget amounts are in final recommended form. This section includes historic and projected trends for revenues and expenditures, culminating with the identification of projected Capital Financing Potential.

FUNDING OPTIONS

A variety of funding options are available to the Town of Herndon for its capital project needs: General Fund revenues; County, State, and Federal grants and payments; developer contributions; and cash proffers from an approved rezoning application. The CIP contains many projects that have a transportation component, including several major street improvement projects supported primarily by Virginia Department of Transportation (VDOT) funding. VDOT capital funding includes money allocated through the Northern Virginia Transportation Authority.

Funds for capital construction may also be generated by the sale of general obligation bonds that pledge the full faith and credit of the town for their repayment. These bonds are typically repaid over a 15 to 20 year period.

Other sources of funding include revenue grants generated by enterprise activities or revenue bonds that pledge the revenue generating potential of a facility or utility.

The Town of Herndon currently maintains four independent enterprise funds that provide operations, maintenance and enhancement of certain public facilities and utilities based upon revenue generating user fees.

The Golf Course Fund is supported by revenue from the award-winning Herndon Centennial Golf Course. The Water and Sewer Fund supports the water and sanitary sewer systems through user fees and connection fees generated by business and residential customers. The Downtown Parking Fund supports the operation and development of the Herndon Downtown Public Shared Parking Program. Lastly, the Cemetery Fund supports the improvements and operation of the Chestnut Grove Cemetery, which is owned by the town.

PROCESS

Within the framework of the 2035 Vision Strategic Plan, the fiscal year Operating Goals, the 2030 Comprehensive Plan, and other adopted town policy documents, the annual development of the CIP is a process characterized by extensive community input. The operating departments constantly review needs and requests for services and facilities. Early financing indicators and capital project issues are typically reviewed with the Planning Commission and Town Council during the latter part of the calendar year.

In December, the CIP process begins with the submittal of project requests from the various departments. During the month of December, town staff evaluates the submitted projects, and a draft CIP is developed and provided to the Planning Commission for review and consideration at its public hearing in February. The Planning Commission makes its official recommendation on the CIP, which is forwarded to the Town Manager. In April, the Town Manager proposes a recommended Capital Improvement Program to the Town Council. Then the Town Council holds two public hearings for input and then action on the upcoming fiscal year operating budget, including the first year of the CIP. In May or June, a public hearing is held on the remainder of the CIP for input and then final action by the Town Council.

Capital Improvement Program Process:

Continuous	Input on CIP projects.
November	Staff performs preliminary financial analyses and reviews budget goals and objectives with Town Council.
January	The Planning Commission holds a public hearing to obtain public input prior to consideration of a draft document. Staff presents the status of the capital improvement projects to the Planning Commission and Town Council at a joint work session. Staff also provides a staff report with a draft CIP document for the January work session.

February	Town Council holds a public hearing for citizen input on the fiscal year budget and CIP; the Planning Commission holds a public hearing on the Draft CIP. The Planning Commission makes a recommendation to the Town Manager on the CIP, as Virginia Code provides.
March	The Town Manager's proposed Operating Budget and CIP are released on or about March 31.
April	Budget and CIP Summary is distributed to town residents. Town Council holds public hearings and takes action on the budget and the first year of the CIP.
May	Town Council holds a public hearing and takes action on the remaining five years of the CIP.

POLICY

A number of important policies guide the formulation of the CIP and the programming of resources to support the scheduled projects:

- To assist with financial planning and decision making, the town will annually prepare a six year projection of General Fund revenues and expenditures, Unassigned Fund Balance, and Capital Financing Potential;
- The CIP project totals conform closely to the constraints identified in the annual projection of total revenues, recurring revenues, total expenditures, recurring expenditures, unassigned fund balance and available funds for capital projects;
- Fiscal year funding amounts designate monies for a particular project phase. The funding amounts should be encumbered by the end of the fiscal year in which they appear;
- The Town Council will review the status of capital improvement projects six months after adoption of the CIP to determine what adjustments, if any, are required in project scheduling and funding;
- Operations of the town's Enterprise Funds—Golf Course, Water and Sewer, Downtown Parking and Cemetery—are intended to be financed or recovered primarily through user charges;
- Enterprise Fund revenues are to support construction costs or debt service for capital facilities for the respective operations whenever possible. General Fund transfers may be used to support the development of Enterprise Fund capital facilities;
- To assist with budgeting and planning efforts, the CIP may include purchases that typically may not be considered capital investments for larger jurisdictions. These purchases may include information systems and telecommunications infrastructure procurements.

BENEFITS

Capital programming, through the Town of Herndon Capital Improvement Program, benefits the town by accomplishing the following:

- Establishes an annual examination and prioritization of town needs;
- Facilitates capital expenditure and revenue estimates and helps avoid emergency financing methods;
- Provides a basis for formulating bond programs and other revenue producing measures;
- Provides focus on community goals and objectives, including those identified in the 2030 Vision Statement;
- Assists with the implementation of the town's comprehensive plan and related policies;
- Assists with the prioritization and implementation of neighborhood-based programs and projects;
- Facilitates better coordination between town departments in planning and implementing capital projects;
- Enables proper project management and design, including appropriate project financing and construction scheduling.

CLASSIFICATION: The CIP is divided into a number of project classes, and projects are coded using the convention outlined below:

Classification Number and Name

1. Land Acquisition
2. Traffic Control
3. Streets
4. Bridges
5. Storm Drainage
6. Sanitary Sewer
7. Redevelopment
8. Refuse Disposal
9. Buildings
10. Grounds
11. Parks and Playgrounds
12. Water System
13. Downtown Development
14. Consultant Services
15. Vehicles and Large Equipment
16. Information Technology

Agency Codes

BD = Buildings

CD = Community Development

FI = Finance Department
GC = Golf Course
GD = Grounds (Department of Public Works [DPW])
IT = Information Technology
PO = Police Department
PR = Parks and Recreation
SM = Storm Sewer (DPW)
SS = Sanitary Sewer (DPW)
ST = Streets (DPW)
TS = Town Shop (DPW)
WS = Water System (DPW)

Project Number Components: [Example] 03-ST-96-001

03 – Project Classification
ST – Agency Code (department responsible)
96 – Fiscal Year included in CIP
1 – Department Project Numbering

II. FINANCIAL ANALYSIS

The purpose of this section is to examine the current and future revenues and expenditures of the town to be used for comprehensive financial planning for the upcoming fiscal year. In particular, this section shows the assessment of the present and future ability of the town to pay for the construction and maintenance of public improvements. This ability will be determined by establishing the present availability of funds, researching probable future trends of municipal revenues and expenditures, appraising key factors related to the administration and operation of the Capital Improvement Program, and by determining which limitations may be imposed upon the freedom of the town to act.

IV. CIP PROJECT DESCRIPTIONS

A. GENERAL GOVERNMENT

Sports Field and Park Improvements

Project Number: 11-PR-90-003

Project Class: Parks and Playgrounds

Department: Parks and Recreation

Project Description: FY21: The increase in use of Bready Park and the Community Center warrant the expansion of the parking lot by adding 30 spaces between Ferndale Ave. and the tennis courts. This section would be connected to both the softball drive and the community center drive to improve traffic flow.

FY22: The tennis court lights in Bready Park are nearing their end of life value. The poles were originally installed in the 1980's and the light fixtures were updated in 1999. Replacement with LED fixtures and new poles will enhance efficiency and output significantly. This estimate includes pre-cast concrete bases, galvanized steel poles, remote electrical component enclosures, pole length wire harnesses and factory-aimed and assembled luminaires, plus estimated installation costs. It does not include the cost of a new electrical transformer. It assumes standard soil conditions.

FY23: Haley Smith Park is located on the east side of Van Buren Street, north of Herndon Parkway. This proposal is to replace the Haley Smith natural turf with synthetic grass to increase playability and help offset the need for rectangular fields following the redevelopment of the Herndon Transit-Oriented Core (HTOC). Operating costs include purchasing a grooming machine and the appropriate goals, corner flags, etc. at \$10-20,000, plus an equipment storage shed. This project includes the necessary irrigation and storm sewer modifications, as well as adding lights to the field which is estimated at \$185,000 at current pricing. Funding is proposed to come from HTOC proffers. Increasing use will also increase demand for parking.

FY24: playground equipment replacement

Adopted Goals and Objectives:

Cultivating A Sustainable Environment:

1. Develop and implement an environmental sustainability plan for the town. Sustain and enhance our parks.

**Town of Herndon Parks and Recreation
Department Strategic Plan 2013-2017:**

2. Provide a balanced system of parks, trails, open space and recreational facilities which are equitably distributed and accessible to all residents.

3. Improve and enhance sports fields.

Folly Lick/Spring Branch Regional Trail

Project Number: 11-PR-00-002

Project Class: Parks and Playgrounds

Department: Parks and Recreation

Project Description: The Folly Lick/Spring Branch Trail begins at the existing regional trail located at the town's northern boundary near Monroe Street continuing southward to Center Street. The town's project will develop a 3,000 foot segment of the Folly Lick/Spring Branch Trail between Herndon Parkway and Park Avenue, utilizing the signalized crossing at Herndon Parkway and Monroe Streets.

In FY2010, concept design was completed and construction information was gathered to apply for construction grants. Easement acquisition is necessary. HB2313 funds are reflected according to the current allocation schedule.

Adopted Goals and Objectives:

Cultivating a sustainable environment:

1. Develop long-range plan for multi-modal methods to move people in and around town.
2. Implement the Master Trails Plan to expand pedestrian and bicycle routes, to include the north/south bike route.

Town of Herndon Parks & Recreation

Department Strategic Plan 2013 – 2017:

3. Provide a balanced system of parks, trails, open space and recreational facilities which are equitably distributed and accessible to all residents. C. Increase opportunity for pedestrian and bike use for transportation and recreation.

Bready Park Tennis Court Renovation

Project Number: 11-PR-07-001

Project Class: Parks and Playgrounds

Department: Parks and Recreation

Project Description: The project his project replaces the inner membrane of the air structure as well as the lighting system (including conversion to LED's for improved efficiency and longevity, thus meeting our sustainability objectives), mechanical system and other identified repairs. Pricing is based on 2016 estimates, plus a 15% contingency amount. The air structure is 20 years old in calendar year 2019, and has exceeded its expected lifespan by five years. The tennis center is a revenue positive operation, netting over \$415,000 through FY 2018.

Adopted Goals and Objectives:

Cultivating A Sustainable Environment:

1. Develop and implement an environmental sustainability plan for the town. Sustain and enhance our parks.

Town of Herndon Parks & Recreation Department Strategic Plan 2013 – 2017:

•2. Provide a balanced system of parks, trails, open space and recreational facilities which are equitably distributed and accessible to all residents.

W&OD Trail Lighting

Project Number: 11-PR-06-001

Project Class: Parks and Playgrounds

Department: Parks and Recreation

Project Description: Final phase to illuminate the length of the trail through the town, from Van Buren to the connection with the Sugarland Run Trail, east of the Herndon Parkway bridge, totalling approximately 3,800 linear feet. Costs are estimated from Phase 2 (completed January 2019) costs at \$137 per foot based on pole spacing every 100 feet, escalated to FY23 or \$160 per linear foot. This section has not yet been designed.

Funding relies on General Fund and the potential for a \$250,000 Trails Grant from the Virginia Department of Conservation and Recreation (DCR).

Adopted Goals and Objectives:

Cultivating a Sustainable Environment:

1. Develop long-range plan for multi-modal methods to move people in and around town.

2. Implement the Master Trails Plan to expand pedestrian and bicycle routes, to include the north/south bike route.

Town of Herndon Parks & Recreation Department Strategic Plan 2013 – 2017:

3. Provide a balanced system of parks, trails, open space and recreational facilities which are equitably distributed and accessible to all residents. C. Increase opportunity for pedestrian and bike use for transportation and recreation.

Park Equipment Replacement Program

Project Number: 11-PR-07-003

Project Class: Parks and Playgrounds

Department: Parks and Recreation

Project Description This project accounts for any playground replacement or significant improvements in Town parks.

With the loss of a large, mature shade tree at Haley Smith Park, the picnic experience needs enhancement with installation of a pavilion. The proposed 30' x 36' shelter would be made available for fee-based rentals and walk-up use. Kit costs range from \$25,000-\$32,000 and installation (including minor site grading, concrete footings, gravel subbase, concrete slab, shelter erection, provision and installation of shingle roof, and wood stain) ranges from \$32,000-\$44,000.

Adopted Goals and Objectives:***Cultivating A Sustainable Environment:***

1. Develop and implement an environmental sustainability plan for the town. Sustain and enhance our parks.

2019-2023 Town of Herndon Parks & Recreation Department Strategic Plan:

4. Improve quality of life by providing engaging, accessible and valued parks, facilities and programs.

Herndon Community Center - Phase 5

Project Number: 09-BD-08-003

Project Class: Buildings

Department: Parks and Recreation

Project Description: The phase five expansion project is proposed as an under 10,000 square foot second story addition to the Herndon Community Center. This expansion will enhance the quality of existing operations by improving the fitness and instructional areas, multi-purpose space and storage space. The project also includes improvements to the locker room areas. It will reconfigure the entrance and address HVAC shortcomings in the lobby. Project planning includes improvements to the parking lot. The previous expansion included foundation support, locations for stairwells, elevators and floor structures.

Operating impacts include select new fitness equipment and supplies, one new office space and personnel expenses are anticipated to increase by one full-time custodial position and associated seasonal staff. These impacts are offset by revenue. Previously allocated design funds (\$325k) were transferred to Building Major Maintenance for Community Center maintenance projects.

Adopted Goals and Objectives:***Town of Herndon Parks & Recreation Department Strategic Plan 2013 – 2017:***

1. Provide a balanced system of parks, trails, open space and recreational facilities which are equitably distributed and accessible to all residents. Provide safe, clean, and attractive facilities in a customer-friendly environment.

2035 Vision Plan:

2. Enriching Lives Through Arts and Entertainment.

Trailside Skate Park Expansion

Project Number: 11-PR-13-001

Project Class: Parks and Playgrounds

Department: Parks and Recreation

Project Description: The skate park at Trailside was completed in September 2010. The current 4,200 square foot park could be enhanced with an additional 5,000 square foot area that would allow for separation of beginner skaters and instructional programs and include updating street components adjacent to the existing skate areas. Further enhancements may include spectator areas, benches and access pathways.

Adopted Goals and Objectives:

Cultivating A Sustainable Environment:

1. Develop and implement an environmental sustainability plan for the town. Sustain and enhance our parks.

Town of Herndon Parks & Recreation Department Strategic Plan 2013 – 2017:

2. Provide a balanced system of parks, trails, open space and recreational facilities which are equitably distributed and accessible to all residents.

Runnymede Park Nature Center

Project Number: 11-PR-15-001

Project Class: Parks and Playgrounds

Department: Parks and Recreation

Project Description: A 4,000 square foot Nature Center at Runnymede Park with spaces for free and low cost nature education activities, to include exhibits and equipment. The 16-year-old proposed design warrants a feasibility study and required code review to determine necessary changes. Once assessed, new cost estimates for design and construction can be developed, programming and indoor exhibits updated and a staffing plan developed.

Adopted Goals and Objectives:***Cultivating A Sustainable Environment:***

1. Develop and implement an environmental sustainability plan for the town. Sustain and enhance our parks.

Town of Herndon Parks & Recreation Department Strategic Plan 2013 – 2017:

2. Provide a balanced system of parks, trails, open space and recreational facilities which are equitably distributed and accessible to all residents.

Town Hall Square Improvements

Project Number: 11-PR-15-002

Project Class: Grounds

Department: Community Development

Project Description: Enhancements to the town green area near the Old Town Hall at Elden, Station and Lynn Streets. Improvements to enhance the use of the Town Hall Square to include replacement of the existing parking area between the Depot and the Town Hall with an additional gathering space, various seating options, and one or more activity options. The project will also create a space for temporary interactive art installations and possibly a space for a permanent art installation. Existing spaces such as Depot stage and lawn/audience areas to be preserved with potential upgrades to landscaping and surface treatments.

Adopted Goals and Objectives:***Cultivating A Sustainable Environment:***

1. Develop and implement an environmental sustainability plan for the town. Sustain and enhance our parks.

Town of Herndon Parks & Recreation Department Strategic Plan 2013 – 2017:

2. Provide a balanced system of parks, trails, open space and recreational facilities which are equitably distributed and accessible to all residents.

Trails to Herndon Metrorail

Project Number: 03-ST-12-001

Project Class: Streets

Department: Community Development

Project Description: This project will provide improvements to create better pedestrian and bicycle access to the Metro entrance pavilion that will be located just to the north of the Herndon Metrorail Station. Pedestrian and bicycle improvements include improved sidewalk and asphalt trail facilities connecting the intersection of Van Buren Street and Worldgate Drive with the entrance pavilion, making use of an existing easement. Depending on the position and coverage of adjacent lighting fixtures, the trail may require lighting. Reserves as shown are HB2313 funding and also include the following Fairfax County Herndon Metrorail Station Access Management Study (HMSAMS) funding as approved by Fairfax County: Crosswalk at Van Buren St. and Worldgate Dr. (\$250,000); Chandon Park Connector Trail to Worldgate Trail (\$500,000, supporting design to occur in FY18 with funding at \$200,000 and construction for FY19 with \$300,000.) Fairfax County to reimburse town per design agreement followed by construction agreement.

Adopted Goals and Objectives:

From 2035 Vision Plan and Goals:

1. Project implements multi-modal methods to move people in and around town.
2. Expand pedestrian and bicycle routes.

From 2030 Comprehensive Plan :

3. To facilitate alternative modes of transportation within the town.
4. Continue to integrate pedestrian and bicycle facilities with the street and transit network through the trail and sidewalk program.
5. Implement the Master Trails Plan to expand pedestrian and bicycle routes to include the north/south pedestrian and bike route.

Wayfinding Signs and Historic Markers

Project Number: 10-CD-16-001

Project Class: Grounds

Department: Community Development

Project Description: The historic marker program has been established with most of the markers installed. Approximately seven remaining markers will be fabricated and installed in FY 2018. Program completion is expected within the first quarter of FY 2019. In FY2016, design was finalized and the manufacturer chosen.

A town-wide coordinated wayfinding sign program is planned with focus on the downtown and the metro station area. This program would direct pedestrian, bicyclists, and motorists to specific transportation facilities such as the W&OD trail and the metro station, to civic and community buildings such as the library or HMC, and in mixed-use activity centers may provide wayfinding for certain businesses or commercial developments. Funding will be required for the design, construction, and installation of these signs. Funding is programmed with design the first year and construction subsequent years with an anticipated completion coordinated with the opening of the Herndon Metrorail Station.

Adopted Goals and Objectives:**From 2035 Vision Plan and Goals:**

1. Develop and implement a strategy to identify distinctive features/locations of Herndon and use signage, streetscaping, and beautification efforts.

East Elden Street (from west of Van Buren St to Fairfax Co. Parkway)

Project Number: 03-ST-97-001

Project Class: Street

Department: Community Development (VDOT Project)

Project Description: This VDOT project will improve Elden Street, from Fairfax County Parkway to Van Buren Street, in accord with the Town Council resolution of October 13, 1998. Project elements include streetscape and median enhancements. Elden Street will be widened to a six-lane divided section with a vegetated median strip between the Herndon and Fairfax County Parkways. From Herndon Parkway to Van Buren Street, the project will include a four-lane section with vegetated median strip with dedicated turning lanes. The project will make a transition down to two travel lanes west of Van Buren Street and approaching Monroe Street.

VDOT's Six-Year Improvement Program (SYIP) is the source for the figures below. The project is currently using federal surface transportation (RSTP) funding for the engineering design phase. The project is being designed and constructed by VDOT, in cooperation with the Town of Herndon. Slight increase to FY 25 funding is pending.

Adopted Goals and Objectives:

From 2035 Vision Plan and Goals :

1. Project implements multi-modal methods to move people in and around town.
2. Expand pedestrian and bicycle routes.

From 2030 Comprehensive Plan :

3. Identify and program sufficient resources to complete major elements or upgrades to the planned road network.
4. To facilitate alternative modes of transportation within the town.

Vehicular and Pedestrian Access to Herndon Metrorail

Project Number: 3-CD-08-002

Project Class: Street

Department: Community Development

Project Description: This project will provide improvements to create better vehicular and pedestrian access in the vicinity of the north side of the Herndon Metrorail Station. A drop-off lane for both directions along Herndon Parkway is proposed to accommodate Fairfax Connector buses and for drivers to pull off of Herndon Parkway to drop off Metrorail passengers in a safe manner. The town was allocated previous CMAQ funding, with an additional \$300,000 in FY2022 approved by the Northern Virginia Transportation Authority for enhancements, signalization, etc. that will be needed beyond the initial improvements. The project will be using \$250,000 of HMSAMS funding for a mid-block signalized crosswalk at Herndon Parkway and the sidewalk extending from the station entrance. The town anticipates that additional enhanced pedestrian and vehicle facilities beyond this project will be funded through developer commitments associated with rezoning for redevelopment. Metrorail service in Phase 2 of the Silver Line may be available by 2020, extending the line from Wiehle Ave Station through Dulles Airport to Route 772 in Loudoun County. Construction of the town access project is anticipated during FY19 and will need to be coordinated with construction of the entrance pavilion and sidewalk by Metrorail.

Adopted Goals and Objectives:**From 2035 Vision Plan and Goals :**

1. Advocate appropriate access improvements for the opening of the Herndon Station.
2. Project implements multi-modal methods to move people in and around town.

From 2030 Comprehensive Plan :

3. Provide enhanced access facilities at the north side of the Herndon Metrorail Station.
4. Continue to support the Herndon Metrorail Station and develop plans for surrounding access to the station.
5. To facilitate alternative modes of transportation within the town.

Town of Herndon FY 2020 - FY 2025 Capital Improvement Program

Van Buren Street Improvements (Spring Street to Herndon Parkway)

Project Number: 03-ST-13-001

Project Class: Street

Department: Community Development

Project Description: This project will rebuild a portion of Van Buren Street to create a “complete street” with emphasis on vehicle mobility and pedestrian/bicycle facilities. This section of street provides a key linkage for multi-modal movements between the W&OD Trail and Downtown Herndon to the Herndon Metro Station. Van Buren Street curb lines and drainage features will likely be relocated to provide dedicated space for enhanced bicycle and pedestrian facilities. The general approach is to work within existing right of way, as much as possible, which varies in width. Surveys, concept designs, and preliminary cost estimates have been completed using \$150,000 of previous HB2313 funds (not shown). Remaining engineering and construction will use Fairfax County HMSAMS funding and Transportation Alternatives Set Aside funds. Design began in FY18. Construction of the project may occur in two phases: from Alabama north to Spring Street and from Alabama south to the Herndon Parkway.

Adopted Goals and Objectives:

From 2035 Vision Plan and Goals:

1. Develop long-range plan for multi-modal methods to move people in and around town.
2. Advocate appropriate access improvements for the opening of the metro station.
3. Implement the Master Trails Plan to expand pedestrian and bicycle routes, to include the north/south bike route.

From 2030 Comprehensive Plan:

4. Facilitate alternative modes of transportation in town.
5. Provide safe street that are friendly to pedestrians and bicyclists.
6. Continue to integrate pedestrian and bicycle facilities with the street and transit network.

Van Buren Street Improvements (Herndon Parkway to South Town Line plus north segment)

Project Number: 03-ST-18-001

Project Class: Street

Department: Community Development

Project Description: This project will retrofit the character and composition of Van Buren Street between Herndon Parkway and the Monroe Street bridge at the South Town line as a continuation of the complete street design of Van Buren Street to the north of Herndon Parkway. Its primary purpose is to provide a continuous facility for multi-modal movement especially pedestrian and bicycle activity that links with the County dedicated pedestrian and bicycle facilities at the bridge. This improvement would serve as the final link of the Folly Lick -Spring Branch Regional Trail and enhance multi-modal level of service and access in and around the Herndon Metro Station area. Herndon Metro Station Access Management Study (HMSAMS) initiated funding from Fairfax County will be used for the planning study and concept design and also for design and construction when approved through agreements with Fairfax County and the Town of Herndon. The scope also includes bicycle facility improvements on the short segment between Spring Street and the W&OD Trail.

Adopted Goals and Objectives:**From 2035 Vision Plan and Goals:**

1. Develop long-range plan for multi-modal methods to move people in and around town.
2. Advocate appropriate access improvements for the opening of the metro station.
3. Implement the Master Trails Plan to expand pedestrian and bicycle routes, to include the north/south bike route.

From 2030 Comprehensive Plan:

4. Facilitate alternative modes of transportation in town.
5. Provide safe street that are friendly to pedestrians and bicyclists.
6. Continue to integrate pedestrian and bicycle facilities with the street and transit network.

Worldgate Drive Extension

Project Number: 03-ST-97-001

Project Class: Street

Department: Community Development

Project Description: The Worldgate Drive Extension is a keystone infrastructure improvement for the Herndon Transit Oriented Core as included in the Metrorail Station Area Plan. Per the area plan adopted as part of the town's comprehensive plan by the Town Council on February 28, 2012, Worldgate Drive will be extended from Van Buren Street to the Herndon Parkway, providing additional capacity to the street network for Metrorail redevelopment. A concept and preliminary engineering has been completed to provide private developers with cost estimates and a detailed concept for right of way dedications. The town is anticipating private development to complete final engineering and construction of the project through redevelopment. A previous allocation of Northern Virginia Transportation Authority HB2313 local 30% share funding covered creation of base engineering and concept plan.

Adopted Goals and Objectives:**From 2035 Vision Plan and Goals :**

1. Advocate appropriate access improvements for the opening of the Herndon Station.

From 2030 Comprehensive Plan :

2. Provide enhanced access facilities at the north side of the Herndon Metrorail Station.
3. Continue to support the Herndon Metrotrail Station and develop plans for surrounding access to the station.

Sterling Road Multi-Modal Improvements

Project Number: 03-CD-16-002

Project Class: Streets

Department: Community Development

Project Description: This project envisions the reconfiguration of Sterling Road, from Elden Street to Herndon Parkway, to reflect the town's current plans for traffic management and circulation in residential areas. This project is to begin with a study to include a concept design and traffic impact analysis. As part of the study, a warrant analysis will be prepared to determine the need for a signalized intersection with Crestview Drive. The study is also to include the feasibility of a bike facility between Elden Street and the town limits. The general guidance for the concept design is to convert the existing, undivided, three-lane section to a two-lane roadway with a middle lane for turning movements and where appropriate a landscaped median. Proposed improvements will function to enhance traffic mobility, while providing for safer pedestrian and bike accommodations. The project could be eligible for future transportation funding under the Federal roadway surface program, VDOT's revenue sharing program and state HB-2313 allocations as well as a potential candidate through VDOT's Transportation Alternatives Program.

Adopted Goals and Objectives:

From 2035 Vision Plan and Goals

1. Develop long-range plan for multi-modal methods to move people in and around town.
2. Implement the Master Trails Plan to expand pedestrian and bicycle routes, to include the north/south bike route.

From 2030 Comprehensive Plan

3. Facilitate alternative modes of transportation in town.
4. Provide safe streets that are friendly to pedestrians and bicyclists.
5. Continue to integrate pedestrian and bicycle facilities with the street and transit network.

Bicycle Facilities & Accommodations

Project Number: 03-CD-16-001

Project Class: Streets

Department: Community Development

Project Description: This project will provide funding for bicycle facilities to connect missing links in the Town's bicycle facility network, in compliance with and to advance the Town Council endorsed Fairfax County Bicycle Master Plan. Facilities may include on-street bicycle lane and sharrows markings, on-street bicycle racks and other amenities, and may be used to support a bicycle sharing service in town. Multiple bicycle improvements included in the Bicycle Master Plan are designed and funded as part of other CIP projects such as East Elden Street and Van Buren Street. This project will implement the bicycle facility improvements that are not included in those major roadway improvement projects. These connections are intended to be completed with little to no adjustments to curb lines. The principal bicycle network connections to be made include:

- Center Street (Station St - Alabama Dr)
- Dranesville Road (Park Ave - Madison St)
- Locust Street (Elden St - Center St)
- Station Street (Center St - Park Ave)
- Dranesville Road (Herndon Pkwy - North town line)
- Van Buren Street (W&OD - Park Ave)

Adopted Goals and Objectives:**From 2035 Vision Plan and Goals**

1. Develop long-range plan for multi-modal methods to move people in and around town.
2. Advocate appropriate access improvements for the opening of the metro station.
3. Implement the Master Trails Plan to expand pedestrian and bicycle routes, to include the north/south bike route.

From 2030 Comprehensive Plan

4. Facilitate alternative modes of transportation in town.
5. Provide safe streets that are friendly to pedestrians and bicyclists.
6. Continue to integrate pedestrian and bicycle facilities with the street and transit network.

Downtown Streets-Phase 3

Project Number: 03-ST-96-001A

Project Class: Street

Department: Public Works

Project Description: This is a VDOT Transportation Alternatives Program (TAP-formerly Enhancement) grant project to widen and enhance streetscapes with brick sidewalks, grated tree wells and other features consistent with the "Downtown Streetscape" standards. This project is divided into three phases. Phases 1 and 2 are complete. Phase 3 funding is approved and is shown in Reserves. The Downtown Redevelopment project by Comstock will install a portion of the streetscape on the north side of Elden Street, east of Center Street. Additional dedication or right-of-way acquisition is required for Phase 3 for the south side of Elden Street.

Adopted Goals and Objectives:

Enriching Lives Through Arts and Entertainment:

1. Complete downtown streetscape improvements.

amounts indicated = dollars in thousands

Elden-Center Streets Intersection Improvements

Project Number: 03-ST-00-001

Project Class: Street

Department: Public Works

Project Description: This project supports the reconstruction and signalization of the Elden Street/Center Street intersection (the traffic signal at Elden/Grace Street will be retained). Enhancements include brick sidewalks and storm drainage improvements. Existing and future mixed use residential development on Center Street places greater traffic volumes in this project area. Additional revenue sharing funds were obtained in the FY2013 program to support construction of duct banks for future undergrounding of utilities. Construction is being coordinated with the town's PPEA redevelopment project on the northeast corner. The town has an agreement with Comstock relative to development of the property that was formerly town parking property and a car dealer. Right of way acquisition has begun and construction will follow in 2020.

Adopted Goals and Objectives:***Celebrating Community Spirit:***

Continue to implement stormwater, sidewalk and street lighting projects in town neighborhoods.

Enriching Lives Through Arts and Entertainment:

Complete downtown streetscape improvements.

Town of Herndon FY 2020 - FY 2025 Capital Improvement Program

Streetlights

Project Number: 03-ST-94-003

Project Class: Street

Department: Public Works

Project Description: This project supports the installation of streetlights in the older areas of town as well as between and adjacent to developments that lack street lighting. Streetlights increase traffic safety, provide additional safety for pedestrians and deter crime. A process for the project selection was developed in FY2009 with an emphasis on safety, police reports, HOA and citizen requests as priority elements. Projects may be reprioritized each year as the program is re-evaluated.

Sidewalks and Minor Trails

Project Number: 03-CD-08-001

Project Class: Street

Department: Public Works

Project Description: This project provides funding for the replacement of brick sidewalks and for trail and sidewalk segments that are planned per the Master Trails Plan in the town's 2030 Comprehensive Plan. This project does not address trails designated as Regional (Folly Lick, Sugarland Run, Van Buren Street). Funding for projects is determined based upon a continuing project assessment and the need for trail easements on private properties. Future applications for Transportation Alternatives Program may be a factor in determining project funding and scheduling.

Sidewalks	
FY2020-Downtown Brick sidewalks - Center Street	250k
FY2021-Downtown Brick sidewalks-Fortnightly Ph1	275k
FY2022-Downtown Brick sidewalks-Fortnightly Ph 2	200k
FY2022 - Dranesville Road at Madison St. corner	85k
FY2023 - Locust St. - North segment (#910-#906)	45k
FY2023 - Locust St. -Fifth to Elden Street	190k
FY2024 - H Pkwy south side Crestview to Ferndale	250k

Herndon Parkway/Van Buren St. Intersection

Project Number: 02-CD-08-001

Project Class: Traffic Control

Department: Public Works

Project Description: This project provides for significant transportation improvements in order to relieve congestion and improve safety. This project focuses on the Herndon Parkway intersection with South Van Buren Street. Sterling Road/Herndon Parkway has separate funding and is shown as the next general fund project in the CIP. A concept study was completed in FY2014, resulting in Town Council adopting a preliminary plan for the intersection. Funding to date includes Regional Surface Transportation Program monies as well as HB2313 Regional 70% share funding. The intersection connects two Urban Minor Arterials that provide linkage to Fairfax County and access to redevelopment areas of the Herndon Transit Oriented Core as well as the future Herndon Metrorail station.

The project schedule anticipates design in finalization in FY2018, utility relocation and right of way acquisition in FY2019 and construction in FY2020.

Adopted Goals and Objectives:

Cultivating a Sustainable Environment:

1. Advocate appropriate access improvements for the opening of Herndon Station.

Cultivating a Sustainable Environment:

2. Continue initiatives to have through traffic use the Herndon Parkway instead of internal streets.

amounts indicated = dollars in thousands

Herndon Pkwy/Spring St Intersection to F. Co. Pkwy

Project Number: 15-DPW-15-002

Project Class: Traffic Control

Department: Public Works

Project Description: Widen and reconstruct Spring Street from 4 to 6 lanes between Fairfax County Parkway and Herndon Parkway; project limits extend westward approximately 650 feet west of Herndon Parkway; add turning lanes on approaches to the intersection of Herndon Parkway and Spring Street; reconfigure the Fairfax County Parkway off-ramp at Spring Street to accommodate an exclusive southbound left turn lane; add dedicated northbound right turn lanes on Herndon Parkway at Spring Street; add a second left turn lane on southbound Herndon Parkway at Spring Street; reconfigure existing traffic signals. Create a safe pedestrian crossing of the ramp to southbound Fairfax County Parkway along the southern side of Spring Street and connect the crossing to nearby sidewalks. Enhance safety facilities for pedestrians, cyclists and transit users. VDOT will administer this project and will design and build the project based on the funding shown. Funding from VDOT Revenue Sharing is PENDING APPROVAL by VDOT. The VDOT project name is East Spring Street Improvements.

Adopted Goals and Objectives:

Cultivating a Sustainable Environment:

1. Continue the initiative to have through traffic use the Herndon Parkway instead of internal streets.
2. Through thoughtful planning the town has a network of sidewalks, trails, streets and connections to public transportation that provides residents the opportunity for one-car or no-car living.

Downtown Utility Relocation

Project Number: 03-ST-11-001

Project Class: Street

Department: Public Works

Project Description: A significant cost element of downtown redevelopment is the undergrounding/relocation of utilities. For an initial phase, the town installed underground duct bank for future relocation of overhead utilities through the Federal American Recovery and Reinvestment Act of 2009 (ARRA stimulus program). The project installed duct banks in Elden Street (from Spring/Station to east of Lynn Street) and through the intersection of Elden and Spring/Station. Duct bank installation along Spring Street, not completed with the ARRA project, was completed in 2014 prior to Phase 2 of the Downtown Streetscape project. Duct bank in Station Street from Elden to the W&OD is the next segment to be constructed. The FY2012 Adopted Budget increased the town's meals tax rate to 2.5 percent, and \$150,000 of the additional collections is dedicated toward downtown utility relocation. This revenue will support debt service on G.O. bonds to fund construction. Future proffer contributions may also assist with funding this project. Proffers from approved projects include \$50,000 from the Herndon Fire Station and \$75,000 from the Vinehaven residential project (\$75,000 not shown in reserves-expected to be encumbered in FY16). In Estimated Reserves, an order of magnitude estimate is noted to underground wires on Elden Street, from Monroe to possibly Center Street. New conduit has been installed and the overhead wires will be relocated into the conduit.

Adopted Goals and Objectives:

Enriching lives through Arts and Entertainment:

1. Complete downtown streetscape improvements.

2030 Comprehensive Plan:

2. Goals for downtown - Create a safe, pedestrian-friendly environment.
3. Goals for downtown - Create a singularly attractive downtown.
4. Public Facilities - Continue to place new and existing lines underground.

amounts indicated = dollars in thousands

Elden-Monroe Intersection Improvements

Project Number:

Project Class: Street

Department: Public Works

Project Description: This project redesigns and reconstructs the intersection of Monroe-Elden Streets. This project will link the East Elden Project, the Downtown Streetscape Project, and the Elden-Monroe private development project. Enhancements include a new traffic signal, brick crosswalks, sidewalks and storm drainage improvements. A state revenue sharing grant will support the project.

Adopted Goals and Objectives:**Enriching Lives Through Arts and Entertainment:**

1. Complete downtown streetscape improvements.

Celebrating Community Spirit:

2. Continue to implement stormwater, sidewalk, and streetlighting projects in town neighborhoods.

amounts indicated = dollars in thousands

Monroe Street Improvements

Project Number:

Project Class: Street

Department: Public Works

Project Description: This project adds curb and gutter and new sidewalk to the west side of Monroe Street from 761 Monroe to 815 Monroe, and on the east side of Monroe Street from 760 Monroe to approximately 170 feet north of Monroe Hill Court. Monroe Street will be widened to match improvements that have been constructed on both ends of the project. Storm drainage, lighting, and paving are included in the project. Grant funding may be pursued for the project in future grant applications. Potential sources include VDOT revenue sharing, HB2313 local funding and other sources.

Adopted Goals and Objectives:

Celebrating Community Spirit:

1. Continue to implement stormwater, sidewalk, and street lighting projects in town neighborhoods.

Comprehensive Plan:

2. Provide safe streets that are friendly to pedestrians and bicyclists.

Town of Herndon FY 2020 - FY 2025 Capital Improvement Program

Information Technology

Project Number: 16-IT-97-001

Project Class: Information Technology

Department: Information Technology

Project Description: FY 2019 - Next generation zoning and permitting application software with electronic plan review – Tyler technologies EnerGov.

Adopted Goals and Objectives:

2035 Vision Plan Goals:

1. Provide robust online access for all town services and customer relationship management.

Championing Business and Technology:

2. Identify and evaluate opportunities to increase connectivity in the town.

amounts indicated = dollars in thousands

Police Radio Equipment

Project Number: 15-PO-15-01

Project Class: Special Equipment

Department: Police

Project Description:

Police radios with associated equipment must be replaced due to obsolescence, interoperability, and encryption requirements. The project coordinates with Fairfax County as the lead communications point, and is largely driven by county timeframes and operational requirements. The expenditures are tentatively expected in FY 2019. The FY 2019 commitment of \$211,000 is not shown here; this will be funded from reserves at the first FY19 Budget Amendment cycle. The overall project expense and CIP allocation for the Town of Herndon was decreased due to Fairfax County's agreement to purchase \$372,000 worth of necessary equipment.

Adopted Goals and Objectives:**Accreditation Standard 81.3.4:**

1. This communications capability among law enforcement and public service agencies, such as fire departments, ambulance services, public utilities, etc., is necessary to provide proper coordination and deployment of forces in emergencies. The capability may range from simple car-to-car arrangements to interagency and statewide networks.

Accreditation Standard 81.2.2

2. Immediate communications capability provides a measure of safety and security to law enforcement officers and the public.

amounts indicated = dollars in thousands

Police Exterior Garage

Project Number: 09-PO-20-01

Project Class: Buildings

Department: Police

Project Description: Construction of a permanent exterior garage facility (30' x 40') is needed to expand storage capacity for police bicycles, bulky emergency readiness equipment and supplies, adverse weather equipment and other agency property where space is not available nor suitable for storage inside the police facility. The garage will also support an area to perform technology maintenance associated with police vehicles and equipment. Adding an exterior garage will alleviate haphazard storage of bulky operational equipment inside and around the police facility and provide defined workspace to properly access, maintain, utilize and store the property and equipment.

Adopted Goals and Objectives:***FY 2020 Budget***

1. Providing adequate storage for bulky operational equipment and supplies, police bicycles and other readiness equipment meets the department's objective to maintain readiness for emergencies and other operational needs.

National Accreditation Standard 17.5.3:

2. Maintaining stored agency property in a state of operational readiness promotes effective response to incidents and proper protection and accountability of property.

Town of Herndon FY 2020 - FY 2025 Capital Improvement Program

Stream Restoration

Project Number: 5-SM-18-002

Project Class: Storm Drainage

Department: Public Works

Project Description: These projects are designed to address the quality of the town's stream banks and stream valley conditions. This project addresses a regional mandate to improve the Chesapeake Bay with reduction to the Total Maximum Daily Load of nutrients. TMDL targets have been set for the jurisdictions by Virginia DEQ. Urbanization and storm water have contributed to erosion and damage to the stream areas. These projects will use Fairfax County stormwater tax funding and possible grant funding to implement the projects. Stream restoration areas are identified as:

Sugarland Run (behind Herndon Police Department) - Design FY19, Construct FY21

Sugarland Run (south of Elden Street) - Construct - beyond

Sugarland Run (along Runnymede Park) - Construct - beyond

Adopted Goals and Objectives:

Cultivating a Sustainable Environment

1. Sustain and enhance our parks

Downtown Redevelopment - Arts Center

Project Number: 09-CD-17-10

Project Class: Buildings

Department: Town Manager

Project Description: This project provides for the development of public parking as well as an arts center in the downtown in accord with the comprehensive plan. During 2017 a Comprehensive Agreement was negotiated between the town and Comstock and approved by Town Council. By the terms of the agreement Comstock provides permanent structured parking (339 spaces), the shell arts center facilities as well as temporary facilities during construction, other public space improvements and a \$500,000 recreation proffer. The total public improvements are valued at \$13.6M, while the town had invested \$5.8M previously in land acquisition and the town funds \$3.6M towards core facilities plus environmental clean-up, culvert repair, easements and other items. The town will also cover interior build-out for the arts center with all of the shell construction costs covered by Comstock. This project sheet displays the costs to be undertaken by the Town of Herndon for design and construction of the arts center interior build-out.

Adopted Goals and Objectives:**FY2016 Budget:**

Enriching Lives Through Arts and Entertainment

-Goal 1: Make downtown a vibrant and year-round activity-based draw.

2030 Comprehensive Plan, Page III-25

2. Encourage Complementary Redevelopment

Town of Herndon FY 2020 - FY 2025 Capital Improvement Program

Traffic Signal Uninterruptable Power Supply

Project Number: 02-ST-18-003

Project Class: Traffic

Department: Public Works

Project Description: Install uninterruptable power supplies for the town's traffic signals at higher volume intersections to enhance performance and limit traffic signal interruptions during power outages, and lower emissions during interruptions to traffic signal operations. Intersections identified include 25 intersections on Elden Street and Herndon Parkway. Installation is programmed over time using available grant funding.

Adopted Goals and Objectives:

2030 Comprehensive Plan:

1. To provide a transportation system that safely accommodates local traffic

2030 Comprehensive Plan:

2. Provide safe streets that are friendly to pedestrians and bicyclists.

Town of Herndon FY 2020 - FY 2025 Capital Improvement Program

Traffic Signal at Herndon Centre (former K-Mart)

Project Number: 02-ST-18-003

Project Class: Traffic

Department: Public Works

Project Description: Install traffic signal to include pedestrian facilities and design in coordination with VDOT street improvement project. Developer proffer from redevelopment of part of the Herndon Centre property on Elden Street supports portion of cost. The approved Proffered Condition Amendment PCA 18-101 included within the development proffers a contribution of \$165,000 from the developer for the signal.

Adopted Goals and Objectives:

2030 Comprehensive Plan:

1. To provide a transportation system that safely accommodates local traffic

2030 Comprehensive Plan:

2. Provide safe streets that are friendly to pedestrians and bicyclists.

amounts indicated = dollars in thousands

B. GOLF COURSE FUND PROJECTS

Clubhouse Expansion - Phase Three

Project Number: 09-GC-96-003

Project Class: Buildings

Department: Golf Course

Project Description: This project will provide for renovation of the golf course clubhouse, constructed in 1980. The project will include a new architectural image and replacement of the building exterior with a more modern material. Within financial limits, project planning will also refresh or potentially expand components of the existing structure, to include the pro shop, office, food service and golf cart storage areas.

Development of preliminary concept plans and budgetary cost estimates were completed in FY 2017. Based on these estimates, it will be necessary to prioritize options that can be addressed in the order of need and perceived value. A feasibility study is scheduled to be completed in FY 2023 before design commences. The current fiscal capacity of the Golf Course Enterprise Fund is not capable of assuming additional debt service until 2024.

Adopted Goals and Objectives:

FY 2016 Budget:

1. Promote Herndon Centennial Golf Course to help establish the town as a desirable destination throughout the region.

FY 2016 Budget:

2. Provide programs and services of exceptional quality.

amounts indicated = dollars in thousands

ESTIMATED COST:	Previous Allocations	Fiscal Year							TOTAL

Golf Course Master Plan Improvements

Project Number: 10-GC-96-005

Project Class: Grounds

Department: Golf Course

Project Description: The Herndon Centennial Golf Course Master Plan provides for improvements to include course playability, aesthetics, and maintainability. Phase Two improvements included fairway bunker renovations, reconstruction of selected tee complexes, cart path and curbing renovations. Future improvements, to include enhancements to the remaining tee complexes, are scheduled to be completed after FY 2025.

Additional materials and supplies required for turf maintenance of the enlarged teeing areas is anticipated to cost \$3,000 annually.

Adopted Goals and Objectives:

FY 2016 Budget:

1. Provide impeccably manicured playing conditions and an attractive setting in which to play.

2035 Vision Plan and Goals:

2. Develop and implement an environmental sustainability plan for the town.

amounts indicated = dollars in thousands

C. WATER AND SEWER FUND PROJECTS

Town of Herndon FY 2020 - FY 2025 Capital Improvement Program

General Water Maintenance and Replacement

Project Number: 12-WS-96-001

Project Class: Water

Department: Public Works

Project Description: This program provides for major component replacement of the water distribution system. Major maintenance and replacement of system mains and facilities will be phased and prioritized based on pipe age, material, and localized General Fund projects, thus reducing the adverse impacts caused by frequent outages and the cost premiums experienced from system failure repairs. Increased frequency in water main breaks, funding, and re-prioritization of nearby General Fund projects may cause the replacement order to change as needed.

Fiscal Year	2020	2021	2022	2023	2024	2025	Beyond	TOTAL
Center Street - Locust Street to Nash Street	650							650
Wilshire Dr - Alabama Dr to Magnolia Lane	100	790						890
Dranesville Road -Park Ave. to Fillmore St.		55	440					495
Monroe Street - Elden Street to Oak Street			15	100				115
Nash St.- Fairfax Ln to Spring St with Bowers Ln			40	290				330
Florida Ave - Bruce Court -Archer Court				105	600			705
Patrick Dr/Pickett Ln & Palmer Dr to Alabama					100	720		820
Miss/Calhoun/Stuart to Missouri						75	450	525
TOTAL	750	845	495	495	700	795	450	4,530

Adopted Goals and Objectives:

Comprehensive Plan Goals for Public Service:

1. Ensure there is sufficient drinking water and sewer capacity to meet the needs of the town residential and commercial residents.

FY 18 adopted Budget:

2. Implement efficient and cost effective improvements of the water supply system. Maintain the water supply system with the highest standard.

FY 18 adopted Budget:

3. Maintain compliance with state and federal safe drinking water standards.

amounts indicated = dollars in thousands

		Fiscal Year							
ESTIMATED COST:	Estimated Reserves	FY 2020	FY 2021	FY 2022	FY 2023	FY 2024	FY 2025	Beyond	TOTAL

Water Utility Master Plan Improvements

Project Number: 12-WS-13-001

Project Class: Water

Department: Public Works

Project Description: This program provides for major construction and upgrades to the water distribution system. As a result of Herndon Transit-Oriented Core (HTOC), Downtown Master Plan (DTMP), Overlay Districts, and rezoning cases, water system construction and upgrades will be targeted to provide sufficient domestic and fire flow to new developments. The Town will be changing its source of supply from three existing meter vaults to vaults connected to the 24-inch water main in the W&OD Trail, now owned and operated by Fairfax Water. Improvements to three existing control vaults that deliver water to the town will allow the water levels to be raised while cycling the water to maintain water quality. In addition the town will share in the cost of a new pump station located behind the police station that will provide the needed flow for the town and a redundant feed for a community north of town served by Fairfax Water. A new storage tank at the Alabama tank site and a new 16-inch water main from the W&OD trail to the Alabama Tank and the Herndon Parkway will also be needed to meet future demands.

Adopted Goals and Objectives:**Comprehensive Plan Goals for Public Service:**

1. Ensure there is sufficient drinking water and sewer capacity to meet the needs of the town residential and commercial residents.

2035 Vision Plans and Goals:

2. Strengthen the bonds with Fairfax and Loudoun Counties to advance common interests, including transportation planning, access to Innovation Metro Station, and the adjacent development impacts to the Town of Herndon.

amounts indicated = dollars in thousands

Sewer System Conveyance

Project Number: 06-SS-13-001

Project Class: Sewer

Department: Public Works

Project Description: This project will provide for conveying most of the future growth in wastewater flows to the Fairfax County or Loudoun Water sewer systems, or a combination of both. The design concept consists of a new pumping station near the Sugarland Run Interceptor, along with a force main heading west along the Herndon Parkway. In Phase One there would be a connection to the Fairfax system at the Town's Worldgate connection to Fairfax County, and then Phase Two would be a continuation of the force main west to a Loudoun County interceptor that would transport wastewater to their treatment plant. The Town's consultant is currently performing a study to determine how much flow the Fairfax system can absorb. Future flows beyond that would need to be sent to Loudoun Water for treatment. The consultant has estimated the total cost of the project at \$13,600,000.

Sewer Pump Station - \$600,000 in FY20, \$4,700,000 in FY21; total \$5,300,000

Sewer Force Main (16-inch) - \$800,000 in FY21; \$7,500,000 in FY22; total \$8,300,000

Adopted Goals and Objectives:

Comprehensive Plan Goals for Public Service:

1. Ensure there is sufficient drinking water and sewer capacity to meet the needs of the town residential and commercial residents.

2035 Vision Plan and Goals:

2. Strengthen the bonds with Fairfax and Loudoun counties to advance common interests, including transportation planning, access to Innovation Metro Station, and the adjacent development impacts to the Town of Herndon.

Water - Major Vehicles/Equipment

Project Number: 15-WS-12-002

Project Class: Water

Department: Public Works

Project Description: This program replaces older town vehicles and major equipment over \$50,000 on a phased basis in concert with their expected useful life. Timely replacement of vehicles and equipment avoids excessive repair costs, unacceptable down time and unsafe levels of operation. Procurement of vehicles and equipment is performed by IFB (Invitation for Bid) or use of state or local contracts. The following vehicles are scheduled for replacement:

Vehicle	Year	Cost
#443 -2002 Single Axle Dump Truck	FY20	140
Backhoe	Beyond	200

Adopted Goals and Objectives:

FY 18 adopted Budget:

1. Improve maintenance of the water system.

Comprehensive Plan Goals for Public Service:

2. Ensure there is sufficient drinking water and sewer capacity to meet the needs of the Town of Herndon residential and commercial residents.

amounts indicated = dollars in thousands

Sewer Main Relining and Manhole Rehab Program

Project Number: 06-SS-13-001

Project Class: Sanitary Sewer

Department: Public Works

Project Description: The sewer conveyance system requires constant maintenance to prevent costly, unnecessary repairs and sanitation hazards due to infrastructure failures and sewer main deterioration. Fiscal year savings are generated from the infiltration and inflow (I&I) reduction, which reduce sewer conveyance and treatment costs. After surveying our largest trunk line, sections were identified to be in less than favorable condition; I&I, tree roots, deterioration, etc. This will be the focus of our program over the next few years. Other sewer main and manhole rehabilitation may be added to the list when identified in future sewer system surveys. Future efforts will focus on other trunk lines and collector pipelines. An additional project is upsizing a sewer main in Locust Street from 6 to 8 inch pipe.

Project Area	Year	Cost
Locust Street - Grace to Center St	FY20	75
Sugarland Trunk North of Elden (lining)	FY20	500
"	FY21	500
"	FY22	500
"	FY23	250
TBD	FY24	250
TBD	FY25	250

Adopted Goals and Objectives:

Comprehensive Plan: Goals for Public Service:

1. Ensure that the installation of new or retrofitted utilities have adequate capacity to meet the demands of the businesses and residents of Herndon while reducing the land disturbance and visual impact that such improvements and installations may cause

Comprehensive Plan Goals for Public Service:

2. Ensure there is sufficient drinking water and sewer capacity to meet the needs of the town residential and commercial residents;

3. Develop and implement an inspection and maintenance program of all sewer lines that ensures no leaking to or from the groundwater

amounts indicated = dollars in thousands

Sewer Utility Master Plan Improvements

Project Number: 06-SS-15-002

Project Class: Sanitary Sewer

Department: Public Works

Project Description: This program provides for major component construction and upgrades to the sewer conveyance system. As a result of the Herndon Transit-Oriented Core (HTOC), Downtown Master Plan (DTMP), Overlay Districts, and rezoning cases, sewer system construction and upgrades will be targeted to provide sufficient capacity within the Town's sewer mains and trunk lines. The majority of improvements will be localized to the Herndon Parkway area near the proposed Metrorail Station and the Folly Lick trunk line, while additional improvements may be required elsewhere. The town's engineering consultant submitted a Utility Master Plan (UMP) with an extended outlook (2040) for expected improvements needed to meet current and future needs.

Adopted Goals and Objectives:

Comprehensive Plan Goals for Public Facilities and Services:

1. Ensure there is sufficient drinking water and sewer capacity to meet the needs of the town residential and commercial residents.

2035 Vision Plans and Goals:

2. Strengthen the bonds with Fairfax and Loudoun Counties to advance common interests, including transportation planning, access to Innovation Metro Station, and the adjacent development impacts to the Town of Herndon.

Sewer Capacity Purchase

Project Number: 06-SS-13-001

Project Class: Sanitary Sewer

Department: Public Works

Project Description: This program provides for additional treatment capacity allocations at the Blue Plains Wastewater Treatment Plant. The Town has indicated a desire to have the necessary capacity allotments ahead of forthcoming development and redevelopment. The exact cost and timing of the purchase will be dependent on the precise source of the capacity allotment. The Utility Master Plan prepared by the town's consultant recommends acquiring additional capacity. The town's consultant will develop and analyze options for obtaining the needed capacity from either Loudoun or Fairfax County. Both options will likely require construction of new facilities. The current cost estimate for 1.0 million gallons per day of treatment capacity is \$22 million.

Adopted Goals and Objectives:

Comprehensive Plan Goals for Public Service:

1. Ensure there is sufficient drinking water and sewer capacity to meet the needs of the town residential and commercial residents.

Comprehensive Plan Goals for Public Service:

2. Strengthen the bonds with Fairfax and Loudoun Counties to advance common interests, including transportation planning, access to Innovation Metro Station, and the adjacent development impacts to the Town of Herndon.

D. DOWNTOWN PARKING FUND PROJECT

Downtown Parking Capital Contribution

Project Number: 09-CD-17-10

Project Class: Buildings

Department: Town Manager

Project Description: Capital contribution per the 2017 Comprehensive Agreement with Comstock for Downtown Development on Blocks D and E. This project sheet addresses the commitment to a share of the capital cost for structured parking. Arts Center costs are addressed separately on a General Fund project sheet. By the terms of the agreement Comstock provides 339 spaces of permanent structured parking to the town for public parking. This provides for 220 Public Shared Parking spaces, 60 spaces for the Arts Center and 59 spaces for retail uses. These spaces are located within a public/private parking structure containing a total of 761 spaces. The Comprehensive Agreement was negotiated and executed in accord with the Virginia Public Private Educational Facilities and Infrastructure Act. The agreement also addresses temporary public shared parking during construction.

Adopted Goals and Objectives:**FY2016 Budget:**

Enriching Lives Through Arts and Entertainment
 -Goal 1: Make downtown a vibrant and year-round activity-based draw.

2030 Comprehensive Plan, Page III-25

2. Encourage Complementary Redevelopment

E. CEMETERY FUND PROJECT

Chestnut Grove Cemetery

Project Number: 11-PR-15-001

Project Class: Cemetery

Department: Park and Recreation

Project Description: This project provides for the development of approximately 3,000 burial sites. The funding is intended for the design, engineering and construction of this area. The site has to be cleared of trees, stumps and other vegetation. In addition, there will be approximately 272 feet of 18" diameter storm drain to be installed prior to importing clean fill to bring the area up to the grade specified in the site plan. A street with a cul de sac will be constructed and water lines will be installed according to the plans. The site will be landscaped to be compatible with the present landscape and the overall usage of the area yet to be determined. The area has to be surveyed, mapped and burial lots marked off with site pins and numbered posts. To support the maintenance and upkeep of this area, a full-time position will be added and additional lawn maintenance equipment (such as mowers) and supplies purchased.

Adopted Goals and Objectives:**1. Chestnut Grove Cemetery Master Plan**

TOWN OF HERNDON, VIRGINIA

RESOLUTION

MAY 14, 2019

Resolution- to approve a temporary license agreement to use a designated public space in the alley adjacent to Jimmy's Old Town Tavern for outdoor seating for an event.

BE IT RESOLVED by the Town Council of the Town of Herndon, Virginia, that:

1. The Town Council approves a temporary license agreement dated May 14, 2019 between the Town of Herndon as licensor and JOTT, INC. d/b/a Jimmy's Old Town Tavern (Jimmy's) as licensee. The license allows Jimmy's to use designated alley public space adjacent to Jimmy's for outdoor seating during an event on May 26th of 2019. The license agreement may contain other terms agreed to by the Mayor and is on file in the office of the Town Attorney.
2. The Mayor is authorized to sign and deliver this license agreement and any other instrument to evidence or support the license agreement
3. This resolution shall be effective on and after the date of its adoption.

AGREEMENT

This Agreement ("Agreement") is made this 14th day of May 2019 by and between JOTT, INC. d/b/a Jimmy's Old Town Tavern ("Jimmy's) and the TOWN OF HERNDON, VIRGINIA, ("Town").

WHEREAS Jimmy's represents that they have a Temporary Use Permit to conduct an event in the Town of Herndon on May 26th of 2019 represented in "Exhibit 1" attached hereto ("Permit") and that Jimmy's would like to use the Town's property behind Jimmy's Old Town Tavern Restaurant as shown on the Permit and known as the "Alley";

WHEREAS the Town desires to permit the use of the Alley by Jimmy's on these dates as described in the Permit (on May 26th of 2019 only).

Now therefore the parties agree as follows:

1. The Town hereby grants Jimmy's authorization to temporarily use the Alley for purposes described in the Permit
2. Jimmy's shall comply with the terms of the Permit and all applicable town, state and federal laws and regulations obtaining and maintaining at all times any other permit(s) required under applicable law for this use.
3. The parties expressly agree and contract that there shall be no fee for the use of the Town property on this occasion only.
4. The permission to use the property granted by this agreement is nonexclusive in nature, and the Town reserves the right to make concurrent use of the Property.
5. Jimmy's hereby assumes all risk of damage by reason of its occupation of the Alley caused by any defects therein or activity occurring thereon, whether caused by the negligence of the Town, its officers, agents, or employees, or otherwise, and Jimmy's hereby agrees to hold harmless and indemnify the Town, its officers, agents and employees, from and against any such liability for such damage or injury to the extent permitted under the laws of the Commonwealth of Virginia.
6. Jimmy's shall secure, provide and maintain insurance to protect the Town of such type and in such amount as is described below naming the Town as an additional insured. This Agreement shall not take effect until evidence of insurance is provided to the Town and the Town gives Jimmy's written confirmation that the type and amount of insurance is accepted.

Insurance limits shall not be less than the following amounts:

Commercial General Liability – Combined single limit of at least \$1,000,000 per occurrence and \$2,000,000 general aggregate. Policy shall be endorsed to name the Town as an additional insured.

The insurance required hereunder shall be maintained in effect during the duration of this Agreement. Insurance Policy(s) shall contain a valid provision or endorsement that the policy may not be canceled, terminated, changed or modified without giving thirty (30) calendar days advance written notice thereof to the Town.

7. Termination: The Town may terminate this Agreement upon 24 hours notice to Jimmy's for cause.

8. This Agreement, having been executed in the Commonwealth of Virginia, the construction and performance thereof or any dispute shall be governed by the laws of Virginia. Venue shall be proper in the County of Fairfax, Virginia.

9. This Agreement contains the entire and only agreement between the parties and it supersedes and merges all pre-existing agreements. Any representations, understandings, promises and any conditions not expressly incorporated herein shall not be binding upon either party or their respective successors in interest.

TOWN OF HERNDON, VIRGINIA

ORDINANCE

MAY 14, 2019

Ordinance- to grant a second franchise amendment to Zayo Group, LLC for a route expansion and increase in allowance of conduit.

BE IT ORDAINED by the Town Council of the Town of Herndon, Virginia, that:

1. The Town Council approves this Second Amendment to the Franchise Agreement last amended on January 22, 2017.
2. This instrument allows for a route expansion of 875 linear feet as reflected in “green” on Exhibit A.
3. This instrument increases the allowance of number of conduit to five over the course of the proposed route, as depicted in “red” on the attached Exhibit A.
4. This instrument increases the allowance of number of conduit from zero to eight over the course of the proposed route, as depicted in “green” on the attached Exhibit A.
5. This instrument permits the increase in conduit covering a total of approximately 1,380 linear feet.
6. In all other respects the current franchise remains in effect.
7. The Mayor is authorized to sign and deliver the franchise extension and any ancillary instruments necessary to effectuate or evidence the franchise.
8. This ordinance shall be effective on and after the date of its adoption.

Town Of Herndon
EXHIBIT A
May 14, 2019

- Exist. Zayo Facility
- 5 conduit (Rte 1)
- 8 conduit (Rte 2)
- Private Property

Route 1 will increase the number of conduit to 5 in that area.

Route 2 is a new route and will have 8 conduit.

SECOND AMENDMENT TO FRANCHISE AGREEMENT

THIS SECOND AMENDMENT is hereby made to the Franchise Agreement ("Agreement") with an Acceptance and Effective date of May 14, 2019 by and between the Town of Herndon, a Virginia municipal corporation ("Town") and Zayo Group, LLC, a Delaware limited liability company, and successor-in-interest to FiberGate of Virginia, LLC and MFN of VA, L.L.C. ("Franchisee").

WHEREAS, MFN of VA, L.L.C. entered into that certain Franchise Agreement with the Town dated July 8, 2003; and

WHEREAS, FiberGate of Virginia, LLC entered into that certain Franchise Agreement with the Town dated January 22, 2006; and

WHEREAS, Zayo Group, LLC provided written notice to the Town on January 29, 2013 that its affiliates MFN of VA, L.L.C. and FiberGate of Virginia, LLC had been merged up and into Zayo Group, LLC; and the Town accepted such transfer pursuant to Letter dated April 18, 2013.

WHEREAS, Zayo Group, LLC first amended their agreement with the Town on January 22, 2017, extending their agreement for an additional ten (10) years and expiring on January 22, 2027.

NOW, THEREFORE, in consideration of the foregoing recitals and the mutual promises and covenants hereinafter set forth and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto agree as follows:

1. The route is hereby amended to reflect a route expansion of 875 linear feet as reflected in "green" on Exhibit A dated May 14, 2019.
2. Allowance of number of conduit is increased to five over the course of the proposed route, as depicted in "red" on the attached Exhibit A and from zero to eight conduit over the course of the proposed route, as depicted in "green" on the attached Exhibit A, covering a total of approximately 1,380 linear feet.
3. Exhibit A dated May 14, 2019, attached hereto, replaces any previous exhibit(s).
4. Except as specifically amended or modified herein, the terms and conditions of the Agreement will remain in full force and effect through the term.

IN WITNESS WHEREOF, the parties have entered into this Second Amendment as of the day and year set forth below by the signatures of their authorized representatives below.

TOWN OF HERNDON, VIRGINIA

ORDINANCE

MAY 14, 2019

Ordinance- To approve a natural gas line easement to Columbia Gas for an underground main service located on Town-owned property in the Town of Herndon, Fairfax County, Virginia, Tax Map Parcel No 010-04-0042A

BE IT ORDAINED by the Town Council of the Town of Herndon, Virginia, that:

1. The Town Council approves a deed of easement conveying for nominal consideration an easement across town-owned property to Columbia Gas for a natural gas line to service Clearview Elementary School.
2. The location of this easement area extends from Young Avenue across town-owned property at Folly Lick Park, Tax Map Parcel No. 010-04-0042A to Fairfax County Park Authority property as shown on the plat attached to the deed of easement: Columbia Gas of Virginia, Inc. Drawing No. V59-493-18 dated 11/06/2018 and revised 04/09/2019, incorporated by reference.
3. The Mayor is authorized to sign and deliver the deed of easement and associated instruments necessary to evidence, effect, or correct this deed. This deed or instruments shall be on such form as approved by the Town Attorney.
4. This ordinance shall be in effect on and after the date of its adoption.

DEED OF EASEMENT

FOR AND IN CONSIDERATION of One Dollar (\$1.00) paid by COLUMBIA GAS OF VIRGINIA, INC., a Virginia corporation, with mailing address at 1809 Coyote Drive, Chester, Virginia 23836, hereinafter called the Grantee, to **THE TOWN OF HERNDON, VIRGINIA**, a municipal corporation, hereinafter, whether singular or plural, called the Grantor. The Grantor who is the owner of the property Fairfax County Virginia Tax Map No. 010-04-0042 does hereby grant and convey to the Grantee a 20' wide easement hereinafter the "Premises" to construct, operate, maintain, replace, repair, alter the size, upgrade, remove or abandon in place, pipelines and appurtenant equipment, together with valves, service connections and lateral connections for transporting gas with associated products, or other substances that can be transported through pipelines, and appurtenant facilities including, but not limited to, cathodic protection, and to perform pre-construction work/activities, over and through all that certain tract of land situate in the Town of Herndon, Dranesville District, Fairfax County, Commonwealth of Virginia, and described as follows:

The location of the easement area pursuant to the terms and conditions of Deed of Easement is shown on Drawing Number V59-493-18, attached hereto, made a part hereof, and recorded herewith.

With the right of ingress to and egress from the easement area by means of existing or future roads and other reasonable routes on the Premises and on Grantor's adjoining lands and to exercise all other rights necessary or convenient for the full use and enjoyment of the rights herein granted, including the right from time to time to: (a) clear the easement of all obstructions and (b) clear, cut, trim and remove any and all vegetation, trees, and brush and overhanging branches from the easement by various means.

Grantor may use and enjoy the easement, except to the extent such use and enjoyment interferes with the rights granted to Grantee under this Agreement. Grantor shall not construct or permit to be constructed or place any structure, including but not limited to, dwellings, garages, out-buildings, pools, decks, man-made bodies of water, trees, shrubbery, leach beds, septic tanks, or any other obstructions on or over the easement that will, in any way, interfere with the use by Grantee.

Grantor shall not change the depth of cover, conduct grading operations, or permit the dumping of refuse or waste in the easement without the written consent of the Grantee.

Grantee shall replace and restore any area on the Premises disturbed by Grantee's laying, construction, operation, replacement, and maintenance of said pipelines to as near as practical to the Premises' original condition, except as provided herein.

With regard to the lands encompassed by this Agreement, Grantor represents that, to the best of their knowledge: (a) No pollutants, contaminants, petroleum or hazardous substances have been disposed or released on or under the easement area which would cause or threaten to cause an endangerment to human health or the environment or require clean up. (b) Neither the easement, nor any portion thereof, is, at the time of this instrument, legally or contractually restricted as to its use or is subject to special environmental protections that would affect the use of the easement for Grantee's intended use. (c) The easement is not currently and has not previously been used for industrial purposes.

Grantor and Grantee agree that, except to the extent caused by the acts or omissions of the Grantee or its representatives and contractors, the Grantee shall not be liable for, and is hereby released from, any and all claims, damages, losses, judgments, suits, actions and liabilities, whether arising during, prior to or subsequent to the term of this Agreement, related to the presence of pollutants, contaminants, petroleum, hazardous substances or endangerments in, beneath or along the Easement Area.

The rights, privileges and terms hereby shall extend to and be binding upon Grantor and the Grantee and their respective representatives, heirs, successors and assigns.

WITNESS, the following signatures and seal this _____ day of _____, 2019.

Town Attorney

TOWN OF HERNDON, VIRGINIA

RESOLUTION

MAY 14, 2019

Resolution- to authorize the removal of delinquent and uncollectible charges from the Town's accounting records.

BE IT RESOLVED by the Town Council of the Town of Herndon, Virginia, that:

1. The Town Council has reviewed and accepts the town staff recommendation to write-off (i.e., remove) from the accounting records delinquent accounts which have remained dormant for more than three years and which appeared to have little chance of successful collection.
2. Based on staff's analysis, there is currently a total of \$2,806.21, representing delinquent accounts contained within four categories: utility accounts receivables, miscellaneous receivable accounts, returned checks, and BPOL. These amounts represent uncollectible delinquencies dating from calendar years prior to 2019.
3. Though the town will be adjusting its accounting records through the write-off, the town staff will continue to pursue any and all available legal avenues to achieve eventual collection.
4. The delinquent and uncollectible charges are hereby written off from the town's accounting records. These charges are further described in attachments 1 through 4 to this resolution and in the staff report dated May 7, 2019 which is incorporated by reference.
5. This resolution shall be effective upon its adoption.

TOWN OF HERNDON, VIRGINIA

RESOLUTION

MAY 14, 2019

Resolution- to authorize a Standard Project Administration Agreement between the Town and the Commonwealth of Virginia Department of Transportation for the administration of the Elden – Monroe Intersection Improvement project.

WHEREAS, the town originally entered into a Programmatic Project Administration Agreement on August 13, 2013 for a term of three years; and

WHEREAS, the town extended the agreement by an additional one-time term of three fiscal years that will expire on June 30, 2019; and

WHEREAS, this standard project administration agreement replaces the Programmatic Administration Agreement that this project was previously under; and

WHEREAS, this standard project administration agreement supersedes all previous versions signed by the Town and VDOT.

NOW, THEREFORE, BE IT RESOLVED that the Town Council of the Town of Herndon, Virginia, hereby commits to fund its local share of preliminary engineering, right-of-way and construction (as applicable) of the Elden – Monroe Intersection Improvement project under agreement with the Virginia Department of Transportation in accordance with the project financial document (s).

BE IT FUTHER RESOLVED that the Mayor is authorized to execute all agreements and/or addendums for this project with the Virginia Department of Transportation.

STANDARD PROJECT ADMINISTRATION AGREEMENT
State-aid Projects

Project Number	UPC	Local Government
U000-235-R65	108690	Town of Herndon

THIS AGREEMENT, made and executed in triplicate this ____ day of _____, 2019, by and between the Town of Herndon, Virginia, hereinafter referred to as the LOCALITY and the Commonwealth of Virginia, Department of Transportation, hereinafter referred to as the DEPARTMENT.

WHEREAS, the LOCALITY has expressed its desire to administer the work described in Appendix A, and such work for each improvement shown is hereinafter referred to as the Project; and

WHEREAS, the funds shown in Appendix A have been allocated to finance the Project(s) and the funding currently allocated or proposed for the project(s) does not include Federal-aid Highway funds; and

WHEREAS, both parties have concurred in the LOCALITY's administration of the phase(s) of work for the respective Project(s) listed in Appendix A in accordance with applicable federal, state and local laws and regulations.

NOW THEREFORE, in consideration of the mutual premises contained herein, the parties hereto agree as follows:

1. The LOCALITY shall:
 - a. Be responsible for all activities necessary to complete the noted phase(s) of each Project shown in Appendix A, except for activities, decisions, and approvals which are the responsibility of the DEPARTMENT, as required by federal or state laws and regulations or as otherwise agreed to, in writing, between the parties.
 - b. Receive prior written authorization from the DEPARTMENT to proceed with the project.
 - c. Administer the project(s) in accordance with guidelines applicable to Locally Administered Projects as published by the DEPARTMENT.
 - d. Provide certification by a LOCALITY official of compliance with applicable laws and regulations on the **State Certification Form for State Funded Projects** or in another manner as prescribed by the DEPARTMENT.
 - e. Maintain accurate and complete records of each Project's development of all expenditures and make such information available for inspection or auditing by the DEPARTMENT. Records and documentation for items for which reimbursement

will be requested shall be maintained for not less than three (3) years following acceptance of the final voucher on each Project.

- f. No more frequently than monthly, submit invoices with supporting documentation to the DEPARTMENT in the form prescribed by the DEPARTMENT. The supporting documentation shall include copies of related vendor invoices paid by the LOCALITY and also include an up-to-date project summary and schedule tracking payment requests and adjustments.
 - g. Reimburse the DEPARTMENT all Project expenses incurred by the DEPARTMENT if due to action or inaction solely by the LOCALITY the project becomes ineligible for state reimbursement, or in the event the reimbursement provisions of Section 33.2-214 or Section 33.2-331 of the Code of Virginia, 1950, as amended, or other applicable provisions of state law or regulations require such reimbursement.
 - h. On Projects that the LOCALITY is providing the required match to state funds, pay the DEPARTMENT the LOCALITY's match for eligible Project expenses incurred by the DEPARTMENT in the performance of activities set forth in paragraph 2.a.
 - i. Administer the Project in accordance with all applicable federal, state, and local laws and regulations. Failure to fulfill legal obligations associated with the project may result in forfeiture of state-aid reimbursements
 - j. If legal services other than that provided by staff counsel are required in connection with condemnation proceedings associated with the acquisition of Right-of-Way, the LOCALITY will consult the DEPARTMENT to obtain an attorney from the list of outside counsel approved by the Office of the Attorney General. Costs associated with outside counsel services shall be reimbursable expenses of the project.
 - k. For Projects on facilities not maintained by the DEPARTMENT, provide, or have others provide, maintenance of the Project upon completion, unless otherwise agreed to by the DEPARTMENT.
2. The DEPARTMENT shall:
- a. Perform any actions and provide any decisions and approvals which are the responsibility of the DEPARTMENT, as required by federal or state laws and regulations or as otherwise agreed to, in writing, between the parties.
 - b. Upon receipt of the LOCALITY's invoices pursuant to paragraph 1.f, reimburse the LOCALITY the cost of eligible Project expenses, as described in Appendix A. Such reimbursements shall be payable by the DEPARTMENT within 30 days of an acceptable submission by the LOCALITY.
 - c. If appropriate, submit invoices to the LOCALITY for the LOCALITY's share of eligible project expenses incurred by the DEPARTMENT in the performance of activities pursuant to paragraph 2.a.

- d. Audit the LOCALITY's Project records and documentation as may be required to verify LOCALITY compliance with applicable laws and regulations.
 - e. Make available to the LOCALITY guidelines to assist the parties in carrying out responsibilities under this Agreement.
- 3. Appendix A identifies the funding sources for the project, phases of work to be administered by the LOCALITY, and additional project-specific requirements agreed to by the parties. There may be additional elements that, once identified, shall be addressed by the parties hereto in writing, which may require an amendment to this Agreement.
 - 4. If designated by the DEPARTMENT, the LOCALITY is authorized to act as the DEPARTMENT's agent for the purpose of conducting survey work pursuant to Section 33.2-1011 of the Code of Virginia, 1950, as amended.
 - 5. Nothing in this Agreement shall obligate the parties hereto to expend or provide any funds in excess of funds agreed upon in this Agreement or as shall have been included in an annual or other lawful appropriation. In the event the cost of a Project is anticipated to exceed the allocation shown for such respective Project on Appendix A, both parties agree to cooperate in providing additional funding for the Project or to terminate the Project before its cost exceeds the allocated amount, however the DEPARTMENT and the LOCALITY shall not be obligated to provide additional funds beyond those appropriated pursuant to an annual or other lawful appropriation.
 - 6. Nothing in this agreement shall be construed as a waiver of the LOCALITY's or the Commonwealth of Virginia's sovereign immunity.
 - 7. The Parties mutually agree and acknowledge, in entering this Agreement, that the individuals acting on behalf of the Parties are acting within the scope of their official authority and the Parties agree that neither Party will bring a suit or assert a claim against any official, officer, or employee of either party, in their individual or personal capacity for a breach or violation of the terms of this Agreement or to otherwise enforce the terms and conditions of this Agreement. The foregoing notwithstanding, nothing in this subparagraph shall prevent the enforcement of the terms and conditions of this Agreement by or against either Party in a competent court of law.
 - 8. The Parties mutually agree that no provision of this Agreement shall create in the public, or in any person or entity other than parties, rights as a third party beneficiary hereunder, or authorize any person or entity, not a party hereto, to maintain any action for, without limitation, personal injury, property damage, breach of contract, or return of money, or property, deposit(s), cancellation or forfeiture of bonds, financial instruments, pursuant to the terms of this of this Agreement or otherwise. Notwithstanding any other provision of this Agreement to the contrary, unless otherwise provided, the Parties agree that the LOCALITY or the DEPARTMENT shall not be bound by any agreements between the either party and other persons or entities concerning any matter which is the subject of

this Agreement, unless and until the LOCALITY or the DEPARTMENT has, in writing, receive a true copy of such agreement(s) and has affirmatively agreed, in writing, to be bound by such Agreement.

9. This agreement may be terminated by either party upon 30 days advance written notice. Eligible Project expenses incurred through the date of termination shall be reimbursed in accordance with paragraphs 1.f, 1.g, and 2.b, subject to the limitations established in this Agreement and Appendix A. Upon termination and unless otherwise agreed to, the DEPARTMENT shall retain ownership of plans, specifications, and right of way for which state funds have been provided, unless all state funds provided for the Project have been reimbursed to the DEPARTMENT by the LOCALITY, in which case the LOCALITY will have ownership of the plans, specifications, and right of way.

THE LOCALITY and DEPARTMENT acknowledge and agree that this Agreement has been prepared jointly by the parties and shall be construed simply and in accordance with its fair meaning and not strictly for or against any party.

THE LOCALITY and the DEPARTMENT further agree that should Federal-aid Highway funds be added to the project, this agreement is no longer applicable and shall be terminated. The LOCALITY and the DEPARTMENT mutually agree that they shall then enter into a Standard Project Administration Agreement for Federal-aid Projects.

THIS AGREEMENT, when properly executed, shall be binding upon both parties, their successors, and assigns.

THIS AGREEMENT may be modified in writing by mutual agreement of both parties.

THIS AGREEMENT supersedes the Programmatic Project Administration Agreement, dated August 13, 2013 that this project was previously made part of.

TOWN OF HERNDON, VIRGINIA

ORDINANCE

MAY 14, 2019

Ordinance- to repeal Herndon Town Code Section 42-154, Parking for Certain Purposes Prohibited.

BE IT ORDAINED by the Town Council of the Town of Herndon, Virginia, that:

1. Chapter 42, Section 42-154, Parking for Certain Purposes Prohibited, Herndon Town Code (2000), is repealed as follows:

~~Sec. 42-154. -- Parking for certain purposes prohibited.~~

~~(a) — It shall be unlawful for any person to park or place any automobile, truck, trailer or other vehicle upon or in any street, alley or parkway for the purpose of selling or offering the vehicle for sale or rent. No sign or lettering shall be attached or placed upon any automobile, truck, trailer or other vehicle parked in or upon any public street, alley or parkway of the town indicating that such vehicle is offered for sale or for rent.~~

~~(b) — It shall be unlawful to stop a vehicle at any time upon a street or highway for the purpose of advertising any article of any kind, or to display thereupon advertisements of any article or advertisement for the sale of the vehicle itself.~~

~~(Code 1992, § 13-16.5; Ord. No. 08-O-23, § 1, 9-9-2008)~~

2. This ordinance shall be effective on and after the date of its adoption.

**TOWN OF HERNDON, VIRGINIA
PROCLAMATION
PUBLIC WORKS WEEK
MAY 19 - MAY 25, 2019**

This year marks the 59th annual National Public Works Week sponsored by the American Public Works Association. Public works professionals and staff focus on infrastructure, facilities and services that are of vital importance to sustainable and resilient communities and to the public health, high quality of life and well-being of every individual in our community. These infrastructure, facilities and services could not be provided without the dedicated efforts of public works professionals, who are engineers, managers and employees at all levels of government and the private sector, who are responsible for rebuilding, improving and protecting our transportation, water supply solid waste systems, public buildings, and other structures and facilities essential for our citizens.

The Town of Herndon's Department of Public Works staff performs these critical daily tasks in support of advising, administering and providing public services necessary to maintain the Town of Herndon community as a whole. This involves water, sewer, street maintenance and snow removal; solid waste and recycling management; storm water, right-of-way inspections, traffic engineering; building, grounds, vehicle and equipment maintenance; engineering and site plan review; project management and building inspections. Together with the community, our dedicated public works staff hosts Big Truck Days, Community Clean-Up Weeks, holiday decorations, leaf collection and recycling events. Public works staff also provides key support during special events, including the Herndon Festival, 4th of July Celebration, Friday Night Live! and Herndon Labor Day Festival.

Therefore, the Mayor and Town Council of the Town of Herndon, Virginia, hereby proclaim the week of May 19 - May 25, 2019, as **Public Works Week** in the Town of Herndon, together with this year's theme ~ **'It Starts Here'** ~ which represents the multiple facets of modern civilization that grow out of the efforts put forth by the public works professionals: *"Infrastructure starts with public works... Growth and innovation starts with public works... Mobility starts with public works... Security starts with public works... Healthy communities start with public works..."* Our residents' quality of life starts with public works.

Further, the Mayor and Town Council of the Town of Herndon, Virginia, hereby support the Town of Herndon's Department of Public Works efforts seek to raise awareness about the importance of maintaining the infrastructure and services, collectively known as 'public works,' and express appreciation for the hard work that they do each day to benefit our community.

Sheila A. Olem, Vice Mayor

Pradip Dhakal, Councilmember

Jennifer K. Baker, Councilmember

Signe Friedrichs, Councilmember

Cesar del Aguila, Councilmember

Bill McKenna, Councilmember

Lisa C. Merkel, Mayor

This proclamation will be presented to Public Works staff at their annual picnic.

TOWN OF HERNDON, VIRGINIA
PROCLAMATION
KIDS TO PARKS DAY
MAY 18, 2019

The National Park Trust (NPT) is a non-profit charitable organization that helps acquire and preserve land for the National Parks and connects underserved youth to these lands ~ promoting a more active and healthier lifestyle. **Kids to Parks Day**, organized by the NPT, is held annually on the third Saturday of May.

Kids to Parks Day is a national day of outdoor play, designed to connect kids and families with their local, state, and national parks. By discovering our public lands, kids across the country learn about park stewardship, outdoor recreation, STEM, and history. In guiding our next generation to appreciate public lands, NPT is working to foster future park enthusiasts and create the next generation of park stewards.

Therefore, the Mayor and Town Council of the Town of Herndon, Virginia, hereby proclaims May 18, 2019, as **Kids to Parks Day** in the Town of Herndon, in support of youth involvement in the outdoors and to broaden children's appreciation of nature.

Further, the Mayor and Town Council of the Town of Herndon, Virginia, together with the town's Department of Parks and Recreation, hereby highlights and promotes **Kids to Parks Day**; encourages all residents to spend time outdoors at any one of the town's 11 parks throughout the year; and to participate in the **"Play It Safe: Bike Rodeo & Safety Fair,"** in Downtown Herndon on May 18, from 10 am to 2 pm, where kids and adults will have the opportunity to participate in a bike swap, learn pedestrian and bike safety tips, riding skills and complete obstacle courses.
