

**TOWN OF HERNDON, VIRGINIA
WORK SESSION AGENDA
HERNDON COUNCIL CHAMBERS BUILDING
765 LYNN STREET
SEPTEMBER 17, 2019
7:00 P.M.**

DISCUSSION

1. Housing (Town Council discussion)

PRESENTATIONS

2. Proclamation, to recognize "Hispanic Heritage Month," September 15 – October 15, 2019
3. Proclamation, to recognize "Herndon Arts Week," October 6 – October 12, 2019
4. Certificate of Congratulations, to recognize Ian Nordling, Herndon Youth Advisory Council

PUBLIC HEARINGS

5. Ordinance, to authorize the acquisition of a fee simple interest, permanent and temporary easements on property owned by James Gallagher Tax Map #016-2-22-0151 for public use by condemnation (eminent domain) for transportation facility improvements to Van Buren Street from Spring Street to Herndon Parkway, Herndon
6. Ordinance, to authorize the acquisition of a temporary easement on property owned by The Montessori Country School, Inc. Tax Map #016-2-02-0149C for public use by condemnation (eminent domain) for transportation facility improvements to Van Buren Street from Spring Street to Herndon Parkway, Herndon
7. Ordinance, to authorize the acquisition of temporary and permanent easements on property owned by Presidents Court Homeowners Association Tax Map #016-4-19-0000-A1 for public use by condemnation (eminent domain) for transportation facility improvements to Van Buren Street from Spring Street to Herndon Parkway, Herndon
8. Ordinance, to authorize the acquisition of fee simple interest and temporary easements on property owned by Vassili Fedousov Tax Map #016-2-02-0149 for public use by condemnation (eminent domain) for transportation facility improvements to Van Buren Street from Spring Street to Herndon Parkway, Herndon

9. Ordinance, to authorize the acquisition of a fee simple interest and temporary easement on property owned by Rosario E. Rivera Tax Map #016-2-22-0007 for public use by condemnation (eminent domain) for transportation facility improvements to Van Buren Street from Spring Street to Herndon Parkway, Herndon
10. Resolution, to consider authorization of an application to the Commonwealth Transportation Board for Virginia Department of Transportation (VDOT) – Transportation Alternatives Set-Aside funding for federal fiscal years 2021 and 2022 and endorsement of the “Central Elden Walkability Improvements” project
11. Resolution, to consider an appeal of the Heritage Preservation Review Board’s Decision on HPRB #19-29. The decision, made at the HPRB public hearing on August 21, 2019, approved, with conditions, an application for a Certificate of Appropriateness to replace metal shingles on an existing single-family house located at 631 Oak Street. The HPRB approval required that the replacement material be standing seam metal panels instead of architectural asphalt shingles as originally requested in the application. Property Owner/Appellant: Ann Vayda Null
12. Resolution, to approve a temporary license agreement to use a designated public space in the alley adjacent to Jimmy’s Old Town Tavern for outdoor seating for an event
13. Resolution, to approve a temporary license agreement for the use of the Town public parking lot designated as Fairfax County Tax Map #0162-02-0301C1, located behind Mediterranean Breeze at 781 Station Street, for a Saturday Anniversary event for Mile 20 at Mediterranean Breeze. The property is zoned PD-D, Planned Development - Downtown, District

GENERAL

14. Resolution, to accept the State of the Town Report, Fiscal Year 2019

CONSENT AGENDA

15. Resolution, to Authorize an Application to the Virginia Department of Transportation (VDOT) for the Allocation of Revenue Sharing Funds

ROUNDTABLE

**TOWN OF HERNDON, VIRGINIA
PROCLAMATION
HISPANIC HERITAGE MONTH
SEPTEMBER 15 - OCTOBER 15, 2019**

Since 1968, **Hispanic Heritage Month** has been celebrated annually from September 15 through October 15. This month honors the innumerable social, political, economic, and cultural contributions that Hispanics have made to our country. The Hispanic population of the United States, who trace their roots to Spain, Mexico and the Spanish-speaking nations of Central America, South America and the Caribbean, now constitutes over 18 percent of the nation's total population. Today, organizations in the United States use the term broadly to refer to persons with a historical and cultural relationship either with Spain, or with Spain and Portugal, regardless of race.

Five of our Central-American neighbors ~ Costa Rica, El Salvador, Guatemala, Honduras and Nicaragua ~ gained independence from Spain on September 15, 1821, and Chile gained independence on September 18, 1821. Mexico's Independence Day is different from that of other nations. On September 16, 1810, the "Grito de Dolores" (Cry of Dolores) was declared by Father Miguel Hidalgo, beginning the Mexican War of Independence. September 16, 2019, marks 209 years of Mexican independence from Spanish rule.

Therefore, the Mayor and Town Council of the Town of Herndon, Virginia, hereby proclaim September 15 through October 15, 2019, as **Hispanic Heritage Month** in the Town of Herndon; and recognize that Americans of Hispanic and Latin heritage have a positive impact and enduring influence on our community through many fields ~ including business, law, politics, education, community service, the arts, sciences, and as members of our armed forces.

Further, the Mayor and Town Council of the Town of Herndon, Virginia, encourage all residents to learn more about the history of Americans of Hispanic and Latin heritage; to observe this month with the appropriate programs and activities celebrating these diverse cultures; and highlight that this is also an opportune time to celebrate the heritage of people from the other Spanish-speaking countries throughout the world.

Sheila A. Olem, Vice Mayor

Pradip Dhakal, Councilmember

Jennifer K. Baker, Councilmember

Signe Friedrichs, Councilmember

Cesar del Aguila, Councilmember

Bill McKenna, Councilmember

Lisa C. Merkel, Mayor

Proclaimed by the Herndon Town Council September 24, 2019.

**TOWN OF HERNDON, VIRGINIA
PROCLAMATION
HERNDON ARTS WEEK
OCTOBER 6 – OCTOBER 12, 2019**

Celebrated annually, **Herndon Arts Week** affirms the town's commitment to the arts community in Herndon, and recognizes that the performing arts, visual arts, literature and the humanities, are pivotal to the enrichment of human expression. **Herndon Arts Week** ~ an initiative of Arts Herndon ~ promotes our many wonderful community artists, arts organizations and businesses in town. Arts Herndon, and community arts organizations ~ ArtSpace Herndon; Dark Horse Theatre and Calamity Improv; Herndon Schools Arts Pyramid; Herndon Community Band; Fairfax County Public Schools Arts Department, Fairfax County Public Library Young Readers and Herndon Fortnightly Library; Folk Club of Herndon and Reston; Frying Pan Farm Park; NextStop Theatre Company; Music Loft; Treble Clefs Chorale; The Artists of Lake Anne; The Herndon Artists Cooperative; Bach 2 Rock; Sterling Playmakers; On the Record; Northern Virginia Community College; George Mason University; and art galleries in town ~ provide creative outlets for our citizens and enhance our town by developing and promoting the talents of local artists. Designating an annual arts week in Herndon provides a focal point to celebrate the unity created by our town's diverse cultural heritage through the arts and demonstrates the vitality of our community artists across all fields. **Herndon Arts Week** brings public and private sectors together to reaffirm support for the arts and humanities, and to emphasize the significance of arts in our community.

Therefore, the Mayor and Town Council of the Town of Herndon, Virginia, hereby proclaim October 6 through October 12, 2019, as **Herndon Arts Week** in the Town of Herndon; recognize this important week in our community; and commend and support Arts Herndon ~ the town's official arts agency ~ along with the many artists, arts groups, organizations, and clubs in the Greater Herndon Area ~ for their roles in organizing and hosting **Herndon Arts Week**.

Further, the Mayor and Town Council of the Town of Herndon, Virginia, encourage all citizens to participate in the activities throughout **Herndon Arts Week** and to take part in arts events and activities throughout the year.

Sheila A. Olem, Vice Mayor

Pradip Dhakal, Councilmember

Jennifer K. Baker, Councilmember

Signe Friedrichs, Councilmember

Cesar del Aguila, Councilmember

Bill McKenna, Councilmember

Lisa C. Metcal, Mayor

STAFF REPORT

Town Council
September 17, 2019

Title:

Ordinance authorizing the acquisition of fee simple interest, permanent and temporary easements on property owned by James Gallagher, Tax Map #: 016-2-22-0151 for public use by condemnation (eminent domain) for transportation facility improvements to Van Buren Street to Herndon Parkway.

Staff Contacts:

John Irish, Deputy Director, Public Works
(703)435-6853
john.irish@herndon-va.gov

Lesa J. Yeatts, Town Attorney
(703)787-7370
lesa.yeatts@herndon-va.gov

Summary:

The Van Buren Street Improvement Project is a long-standing CIP item. The Town of Herndon intends to construct certain transportation facility improvements to Van Buren Street from Spring Street to Herndon Parkway. In order to construct the improvements, the acquisition of several interests in land were identified as necessary. The Town, made a bona fide but ineffectual effort to acquire a 34 square foot fee simple interest, 65 square foot permanent signal easement, and 258 square foot temporary construction and grading easements from the land owner of 359 Hillwood Court, Herndon, for \$2,830.00. The landowner did not accept this offer. Therefore, the Town now seeks to file a Certificate of Take and prosecute to completion a condemnation action against the land owned by James Gallagher as well as James Gallagher, for the Town's condemnation of these necessary interests in land over the aforementioned real estate so that construction of this critical project can begin.

Background:

The Van Buren Street Improvement Project is a long-standing CIP item. The completed public use project will provide widening the roadway to accommodate a pedestrian bike lane in each direction, new sidewalks, curb and gutter, and improved storm drainage. The project provides for signalized pedestrian and bike crosswalks at Alabama Drive, as well as improved street lighting throughout.

Project plans show right-of-way acquisition for these improvements along Van Buren Street.

Rummel, Klepper & Kahl, LLP was awarded a Contract for the design of Van Buren Street Improvement Project, as the best qualified to provide civil engineering services for this project as the result of their proposal, interview and selection by an evaluation committee.

As part of their scope of work, Rummel, Klepper & Kahl, LLP was tasked with providing Right-of-Way acquisition services including but not limited to:

- Right of Way oversight and compliance management
- Prepare right of way cost estimate reports
- Complete *QA/QC* of right of way plans and plats (and revisions)
- Support good-will contacts with affected landowners and tenants
- Provide title research
- Provide property acquisition appraisals

Written “bona fide” offers were made to all property owners from whom interests in property are needed for construction of the project. The Virginia Code requires that a bona fide, but ineffectual offer be made to the property owner prior to initiating condemnation proceedings as well as an advertised public hearing. A check representing the fair market value of the land interests will be deposited in the Fairfax County Land Records along with the Certificate of Take. Negotiations are authorized to continue after the filing of the Certificate of Take and may continue, even if the Town is required to file a Petition in Condemnation—the next step after the filing of a Certificate of Take. The “quick take” process is authorized under the Virginia Code to allow condemners to enter property and obtain “defeasible title” to the property in order to start projects for the benefit of the public and come to an agreement on just compensation to the property owner later. If final acquisition of the land interests does not occur after the filing of a Certificate of Take, the Town will file a Petition in Condemnation in the Circuit Court to allow commissioners or jury to determine just compensation for the land interests.

Negotiations with the landowner of 359 Hillwood Court have not resulted in the conveyance of the necessary interests in land listed below:

ROW Acquisition Type	Size of ROW Acquired (Sq. Ft.)	Unit Price of Real Estate	% Of Value Applied	Estimated Value
Fee Take	34	\$22.60	100.0%	\$770.00
Permanent Easement	65	\$22.60	100.0%	\$1,470.00
Temporary Easement	258	\$22.60	10.0%	\$590.00
			PARCEL 04	\$2,830.00

VDOT authorization of funding for the construction of this project requires that construction be underway by October 1, 2019. To achieve this target date, it is critical the property rights be secured prior to this date, by the filing of the Certificate of Take. Approval of this Ordinance will authorize the filing of the Certificate of Take and secure defeasible title in the property needed for this project. It is anticipated that this project will be advertised for bidding upon completion of utility relocation in late 2019 with construction completed within one year of award.

Fiscal Impact:

Anticipated land acquisition costs are included in the current project budget.

Recommendation:

Staff recommends that the Town Council approve the draft ordinance as proposed.

TOWN OF HERNDON, VIRGINIA

ORDINANCE

SEPTEMBER 24, 2019

Ordinance – Authorizing the acquisition of fee simple interest, permanent and temporary easements on property owned by James Gallagher, Tax Map #: 016-2-22-0151 for public use by condemnation (eminent domain) for transportation facility improvements to Van Buren Street to Herndon Parkway.

BE IT ORDAINED by the Council for the Town of Herndon that:

1. The Town of Herndon made a bona fide but ineffectual effort to acquire 34 square foot fee simple interest, a 65 square foot permanent signal easement, and 258 square foot temporary construction and grading easement from James Gallagher for \$2,830 in connection with the Van Buren Street Improvement Project. The landowner did not accept this offer. Therefore, the Town Attorney and outside counsel on behalf of the Town are authorized and directed to file a Certificate of Take and prosecute to completion a condemnation action against the land owned by James Gallagher as well as James Gallagher for the Town's condemnation of these interests in property over real estate located at 359 Hillwood Court, Town of Herndon, Fairfax County, Virginia, designated as Tax #: 016-2-22-0151, and shown as Parcel 4 on Plat #2 of Job # RK1807.01, dated July 1, 2019, and revised through July 11, 2019, prepared by H&B Surveying and Mapping, LLC of Richmond, Virginia, which said plat is attached hereto and incorporated herein.
2. The Town Council approves the following proposed public use for this acquisition: the construction, maintenance, or improvement of the public roadway, bike lanes, sidewalks, utility relocation, curb and gutter, and storm drainage, for the public safety and welfare of the Town.
3. The Town Council directs the Town Manager, Town Attorney, and their outside counsel to acquire the above described interests in property for public use by condemnation, purchase, or other means. The Town staff is hereby authorized to pay the compensation set forth in paragraph 1 above into the Fairfax County Circuit Court contemporaneously with filing a Certificate of Take.
4. The property interests shall be used for the Van Buren Street Improvement Project. The property interests are necessary for the

construction, maintenance, or improvement of, and access to, the public roadway, bike lanes, sidewalks, utility relocation, curb and gutter, and storm drainage.

5. This ordinance shall be effective on and after the date of its adoption.

TOWN OF HERNDON, VIRGINIA

ORDINANCE

SEPTEMBER 24, 2019

Ordinance – Authorizing the acquisition of temporary and permanent easements on property owned by Presidents Court Homeowners Association, Tax Map #: 016-4-19-000A1 for public use by condemnation (eminent domain) for transportation facility improvements to Van Buren Street from Spring Street to Herndon Parkway.

BE IT ORDAINED by the Council for the Town of Herndon that:

1. The Town of Herndon made a bona fide but ineffectual effort to acquire 536 square foot permanent streetscape easement and a 5,434 square foot temporary construction and grading easement from Presidents Court Homeowners Association for \$22,790.00 (including landscaping) in connection with the Van Buren Street Improvement Project. The landowner did not accept this offer. Therefore, the Town Attorney and outside counsel on behalf of the Town are authorized and directed to file a Certificate of Take and prosecute to completion a condemnation action against the land owned by the Presidents Court Homeowners Association as well as the Presidents Court Homeowners Association for the Town's condemnation of these interests in property over real estate located in the Town of Herndon, Fairfax County, Virginia, designated as Tax Map #: 16-4-19-000A1, and shown as Parcel 1 on Plat #1 of Job # RK1807.01, dated July 1, 2019, prepared by H&B Surveying and Mapping, LLC of Richmond, Virginia, which said plat is attached hereto and incorporated herein.
2. The Town Council approves the following proposed public use for this acquisition: the construction, maintenance, or improvement of the public roadway, bike lanes, sidewalks, utility relocation, curb and gutter, and storm drainage, for the public safety and welfare of the Town.
3. The Town Council directs the Town Manager, Town Attorney, and their outside counsel to acquire the above described interests in property for public use by condemnation, purchase, or other means. The Town staff is hereby authorized to pay the compensation set forth in paragraph 1 above into the Fairfax County Circuit Court contemporaneously with filing a Certificate of Take.
4. The property interests shall be used for the Van Buren Street Improvement Project. The property interests are necessary for the construction, maintenance, or improvement of, and access to, the public

roadway, bike lanes, sidewalks, utility relocation, curb and gutter, and storm drainage.

5. This ordinance shall be effective on and after the date of its adoption.

STAFF REPORT

Town Council
September 17, 2019

Title:

Ordinance authorizing the acquisition of fee simple interest and temporary easements on property owned by Vassili Fedousov, Tax Map #: 016-2-02-0149 located at 401 Van Buren Street, Herndon, for public use by condemnation (eminent domain) for transportation facility improvements to Van Buren Street from Spring Street to Herndon Parkway.

Staff Contacts:

John Irish, Deputy Director, Public Works
(703)435-6853
john.irish@herndon-va.gov

Lesa J. Yeatts, Town Attorney
(703)787-7370
lesa.yeatts@herndon-va.gov

Summary:

The Van Buren Street Improvement Project is a long-standing CIP item. The Town of Herndon intends to construct certain transportation facility improvements to Van Buren Street from Spring Street to Herndon Parkway. In order to construct the improvements, the acquisition of several interests in land were identified as necessary. The Town, made a bona fide but ineffectual effort to acquire a 1,004 square foot fee simple interest, 1,226 square foot temporary construction and grading easements from the land owner of 401 Van Buren Street, Herndon, for \$17,990.00, including an amount for asphalt and landscaping. The landowner did not accept this offer. Therefore, the Town now seeks to file a Certificate of Take and prosecute to completion a condemnation action against the land owned by Vassili Fedousov as well as against Vassili Fedousov, for the Town's condemnation of these necessary interests in land over the aforementioned real estate so that construction of this critical project can begin.

Background:

The Van Buren Street Improvement Project is a long-standing CIP item. The completed public use project will provide widening the roadway to accommodate a pedestrian bike lane in each direction, new sidewalks, curb and gutter, and improved storm drainage. The project provides for signalized pedestrian and bike

crosswalks at Alabama Drive, as well as improved street lighting throughout.

Project plans show right-of-way acquisition for these improvements along Van Buren Street.

Rummel, Klepper & Kahl, LLP was awarded a Contract for the design of Van Buren Street Improvement Project, as the best qualified to provide civil engineering services for this project as the result of their proposal, interview and selection by an evaluation committee.

As part of their scope of work, Rummel, Klepper & Kahl, LLP was tasked with providing Right-of-Way acquisition services including but not limited to:

- Right of Way oversight and compliance management
- Prepare right of way cost estimate reports
- Complete *QA/QC* of right of way plans and plats (and revisions)
- Support good-will contacts with affected landowners and tenants
- Provide title research
- Provide property acquisition appraisals

Written “bona fide” offers were made to all property owners from whom interests in property are needed for construction of the project. The Virginia Code requires that a bona fide, but ineffectual offer be made to the property owner prior to initiating condemnation proceedings as well as an advertised public hearing. A check representing the fair market value of the land interests will be deposited in the Fairfax County Land Records along with the Certificate of Take. Negotiations are authorized to continue after the filing of the Certificate of Take and may continue, even if the Town is required to file a Petition in Condemnation—the next step after the filing of a Certificate of Take. The “quick take” process is authorized under the Virginia Code to allow condemners to enter property and obtain “defeasible title” to the property in order to start projects for the benefit of the public and come to an agreement on just compensation to the property owner. If final acquisition of the land interests does not occur after the filing of a Certificate of Take, the Town will file a Petition in Condemnation in the Circuit Court to allow commissioners or jury to determine just compensation for the land interests.

Negotiations with the landowner of 401 Van Buren Street have not resulted in the conveyance of the necessary interests in land listed below:

ROW Acquisition Type	Size of ROW Acquired (Sq. Ft.)	Unit Price of Real Estate	% Of Value Applied	Estimated Value
Fee Take	1,004	\$15.61	100.0%	\$15,690.00
Permanent Easement				
Temporary Easement	1,226	\$15.61	10.0%	\$1,920.00
Other			100.0%	\$380.00
			PARCEL 03	\$17,990.00

VDOT authorization of funding for the construction of this project requires that construction be underway by October 1, 2019. To achieve this target date, it is critical the property rights be secured prior to this date, by the filing of the Certificate of Take. Approval of this Ordinance will authorize the filing of the Certificate of Take and secure defeasible title in the property needed for this project. It is anticipated that this project will be advertised for bidding upon completion of utility relocation in late 2019 with construction completed within one year of award.

Fiscal Impact:

Anticipated land acquisition costs are included in the current project budget.

Recommendation:

Staff recommends that the Town Council approve the draft ordinance as proposed.

TOWN OF HERNDON, VIRGINIA

ORDINANCE

SEPTEMBER 24, 2019

Ordinance – Authorizing the acquisition of fee simple interest and temporary easements on property owned by Vassili Fedousov, Tax Map #: 016-2-02-0149 for public use by condemnation (eminent domain) for transportation facility improvements to Van Buren Street from Spring Street to Herndon Parkway.

BE IT ORDAINED by the Council for the Town of Herndon that:

1. The Town of Herndon made a bona fide but ineffectual effort to acquire 1,004 square foot fee simple interest and 1,226 square foot temporary construction and grading easement from Vassili Fedousov for \$17,990 (including landscaping and asphalt pavement) in connection with the Van Buren Streets Improvement Project. The landowner did not accept this offer. Therefore, the Town Attorney and outside counsel on behalf of the Town are authorized and directed to file a Certificate of Take and prosecute to completion a condemnation action against the land owned by Vassili Fedousov as well as Vassili Fedousov for the Town's condemnation of these interests in property over real estate located at 401 Van Buren Street, Town of Herndon, Fairfax County, Virginia, designated as Tax Map #: 016-2-02-0149, and shown as Parcel 3 on Plat #3 of Job # RK1807.01, dated July 1, 2019, prepared by H&B Surveying and Mapping, LLC of Richmond, Virginia, which said plat is attached hereto and incorporated herein.
2. The Town Council approves the following proposed public use for this acquisition: the construction, maintenance, or improvement of the public roadway, bike lanes, sidewalks, utility relocation, curb and gutter, and storm drainage, for the public safety and welfare of the Town.
3. The Town Council directs the Town Manager, Town Attorney, and their outside counsel to acquire the above described interests in property for public use by condemnation, purchase, or other means. The Town staff is hereby authorized to pay the compensation set forth in paragraph 1 above into the Fairfax County Circuit Court contemporaneously with filing a Certificate of Take.
4. The property interests shall be used for the Van Buren Street Improvement Project. The property interests are necessary for the construction, maintenance, or improvement of, and access to, the public

roadway, bike lanes, sidewalks, utility relocation, curb and gutter, and storm drainage.

5. This ordinance shall be effective on and after the date of its adoption.

STAFF REPORT

Town Council
September 17, 2019

Title:

Central Elden Walkability Improvements, to consider a resolution recommending authorization of an application to the Commonwealth Transportation Board for VDOT – Transportation Alternatives Set-Aside funding for federal fiscal years 2021 and 2022 and endorsement of the “Central Elden Walkability Improvements” project.

Staff Contact:

Michael Wallick, AICP, Transportation Planner
(703) 787-7380
Michael.Wallick@herndon-va.gov

Summary:

The Central Elden Walkability Improvements project is intended to improve pedestrian safety, accessibility, and overall walkability along a road segment serving as a vital pedestrian connection between downtown and the south Elden commercial corridor. It involves redesigning and reconstructing the streetscape on the south side of Elden Street, between Center Street to the east and opposite Main Drive to the west.

The town is seeking funding for this project through the VDOT administered Transportation Alternatives – Set Aside (TA Set-Aside) Program. In accordance with the program’s construction allocation procedures, it is necessary that a request by resolution be received from the local government in order for the Virginia Department of Transportation to consider a new TA Set-Aside project in the Town of Herndon.

Project Description:

This segment of Elden Street is within short walking distance to shops, restaurants, and civic facilities and provides an important connection into the downtown. It is also a short block from two schools, Herndon Middle School and St. Joseph’s Catholic School. Students from both schools comprise a significant portion of the pedestrian activity in the project area, both along Elden Street and crossing Elden Street, at the Grace Street intersection. The W&OD Regional Trail and Folly Lick

Town Council Staff Report
September 17, 2019
Central Elden Walkability Improvements

Regional Trail are a few blocks away from the project and are connected to the project area via the Town's Transportation Alternatives Program funded Downtown Streetscape Phase 3. The project area includes one Fairfax Connector bus stop, located on Elden Street near the intersection with Center Street, for eastbound Fairfax Connector Route 926. A second bus stop is located directly across Elden Street for westbound Fairfax Connector Route 926 service.

Pedestrian level-of-service in the project area is currently poor. To navigate Elden Street in this area today, pedestrians must use a narrow sidewalk that is further reduced in width due to overhead utility pole placement in the middle of the sidewalk. In some locations, passable width is less than 2 feet. The sidewalk immediately abuts the curb and vehicle travel lane. Curb ramps are inconsistently provided and, when provided, do not comply with ADA standards due to narrowness, steepness, lack of detectable warning surfaces, and lack of flat and safe landing areas. Marked crosswalks only exist at the signalized intersection of Elden and Grace Street, and the pedestrian signals do not have any audio-tactile capabilities. It is an uncomfortable and unsafe environment for any pedestrian, and is unusable for someone with a stroller or someone in a wheelchair.

The improvements will include reconstruction of the existing sidewalk to a continuous 5' wide sidewalk with brick pavers, construction of a grass strip between the sidewalk and curb, and the addition of ADA-compliant curb ramps. High visibility crosswalks and accessible pedestrian signalization will be provided at all intersection approaches at Grace Street. The grass strip is expected to add a 2' wide separation between the sidewalk and the curb and travel lane. The end result is expected to offer a safer, more comfortable facility for pedestrians that is separated from vehicle traffic and accessible for all users.

This project is not expected to require right-of-way acquisition since the curb will be moved into the existing eastbound travel lane. To accommodate this, the existing roadway, which consists of a travel lane in each direction, separated by a stamped concrete median and dedicated turn lane, would be reduced in overall width. The travel lanes would be 11' wide and the median/turn lane would also be 11' wide. There is no expectation of impacts to vehicle mobility with the reduced lane widths.

The project does not include relocation of the utility poles at this time. At utility pole locations, the sidewalk would be widened to encroach into the grass strip providing a minimum 5' wide passage. The project does not include any streetscape lighting elements. The majority of the existing sidewalk is lit by cobrahead street lights mounted on utility poles. This condition is proposed to remain.

Funding Application Description:

The Town has sought and been allocated funding for previous projects through the TA Set-Aside program and its processor programs. Those projects include Van Buren Street Multi-Modal Improvements project and Downtown Streetscape projects. This a federally funded state administered program. Virginia's Commonwealth Transportation Board serves as the reviewing and allocation agency. Funding applications are due October 1st and allocation decisions are rendered next summer. The requested funds can only be used for construction. The funding cycle for TA Set-Aide is two years. This application will be considered for allocation in fiscal years 2021 and 2022.

The preliminary cost estimate for this project is approximately \$1.8 million. Through the TA Set-Aside Program, the Town can request funding up to 80% of the project cost. A minimum 20% local match is required. Projects are subject to a 4 year time limit to begin construction. For past town projects that were allocated funds through this program, the local match came from Town general funds, Northern Virginia Transportation Authority local funds, and Fairfax County local funds.

Planning Commission Recommendation:

The Planning Commission recommended approval of the resolution after a public hearing on August 26, 2019. The commission's recommending resolution is Attachment #2.

Staff Recommendation:

Staff recommends that the Town Council approve the attached resolution for the Central Elden Walkability Improvements, authorizing the TA Set-Aside funding application and endorsement of the project.

Attachments:

1. Town Council Resolution, dated September 24, 2019
2. Planning Commission Resolution, dated August 26, 2019

TOWN OF HERNDON, VIRGINIA

RESOLUTION

SEPTEMBER 24, 2019

Resolution - to authorize an application to the Commonwealth Transportation Board for VDOT – Transportation Alternatives Set-Aside funding for federal fiscal years 2021 and 2022 and endorsement of the “Central Elden Walkability Improvements” project

WHEREAS, in accordance with the Commonwealth Transportation Board construction allocation procedures, it is necessary that a resolution be received from the sponsoring jurisdiction or agency requesting the Virginia Department of Transportation establish a Transportation Alternatives Set-Aside project to be administered by the Town of Herndon, Virginia; and

WHEREAS, in 2008 the Town Council adopted the 2030 Comprehensive Plan which guides the town to *facilitate alternative modes of transportation within the town and provide safe streets that are friendly to pedestrians and bicyclists and continue to integrate pedestrian and bicycle facilities with the street and transit network*; and

WHEREAS, the Town Council’s adopted 2035 Vision Statement expresses that *Residents walk, cycle, drive, or use public transit to their jobs, restaurants, and cultural events and Through thoughtful planning, the town has a network of sidewalks, trails, streets and connections to public transportation that provides residents the opportunity for one-car or no-car living*; and

WHEREAS, the Town of Herndon Pedestrian and Bicycle Advisory Committee (PBAC) identified the Central Elden Walkability Improvements project as a top priority within the PBAC recommended draft Town of Herndon Pedestrian Plan; and

WHEREAS, the current conditions of the streetscape within the project area are unsafe, uncomfortable, inadequate, and non ADA-compliant; and

WHEREAS, the project area is within one block of two schools and the sidewalk to be improved is frequently used by school children; and

WHEREAS, the proposed improvements would enhance pedestrian service levels, provide an important connection between south Elden Street’s commercial corridor and downtown Herndon, and create a safe walking environment for all users; and

WHEREAS, The Planning Commission held a public hearing on August 26, 2019, which resulted in approval and certification of a recommending resolution which has been transmitted to the Town Council; and

WHEREAS, The Town Council held a public hearing on September 24, 2019.

NOW, THEREFORE, BE IT RESOLVED, that the Town of Herndon, Virginia requests the Commonwealth Transportation Board to establish a project for the Central Elden Walkability Improvements project; and

BE IT FURTHER RESOLVED, that the Town of Herndon, Virginia hereby commits to provide a minimum 20 percent matching contribution for this project and any additional funds necessary to complete the project; and

BE IT FURTHER RESOLVED, that the Town of Herndon, Virginia hereby agrees to enter into a project administration agreement with the Virginia Department of Transportation and provide the necessary oversight to ensure the project is developed in accordance with all state and federal requirements for design, right of way acquisition, and construction of a federally funded transportation project; and

BE IT FURTHER RESOLVED, that the Town of Herndon, Virginia will be responsible for maintenance and operating costs of any improvement/facility constructed with Transportation Alternatives Set-Aside funds unless other arrangements have been made with the Department; and

BE IT FURTHER RESOLVED, that if the Town of Herndon, Virginia subsequently elects to cancel this project, the Town of Herndon, Virginia hereby agrees to reimburse the Virginia Department of Transportation for the total amount of costs expended by the Department through the date the Department is notified of such cancellation. The Town of Herndon, Virginia also agrees to repay any funds previously reimbursed that are later deemed ineligible by the Federal Highway Administration; and

BE IT FURTHER RESOLVED, that the Town of Herndon, Virginia hereby grants authority for the Town Manager to execute project agreements for any approved Transportation Alternatives Set-aside projects for Fiscal Year 2021-2022.

TOWN OF HERNDON, VIRGINIA

PLANNING COMMISSION

RESOLUTION

August 26, 2019

Resolution - Recommending authorization of an application to the Commonwealth Transportation Board for VDOT – Transportation Alternatives Set-Aside funding for federal fiscal years 2021 and 2022 and recommending endorsement of the “Central Elden Walkability Improvements Project”

WHEREAS, in 2008 the Town Council adopted the 2030 Comprehensive Plan which guides the town to *facilitate alternative modes of transportation within the town and provide safe streets that are friendly to pedestrians and bicyclists and continue to integrate pedestrian and bicycle facilities with the street and transit network*; and

WHEREAS, the Town Council’s adopted 2035 Vision Statement expresses that *Residents walk, cycle, drive, or use public transit to their jobs, restaurants, and cultural events and Through thoughtful planning, the town has a network of sidewalks, trails, streets and connections to public transportation that provides residents the opportunity for one-car or no-car living*; and

WHEREAS, the Town of Herndon Pedestrian and Bicycle Advisory Committee (PBAC) identified the Central Elden Walkability Improvements Project as a top priority within the PBAC recommended draft Town of Herndon Pedestrian Plan; and

WHEREAS, the current conditions of the streetscape within the project area are unsafe, uncomfortable, inadequate, and non ADA-compliant; and

WHEREAS, the project area is within one block of two schools and the sidewalk to be improved is frequently used by school children; and

WHEREAS, the proposed improvements would enhance pedestrian service levels, provide an important connection between south Elden Street’s commercial corridor and downtown Herndon, and create a safe walking environment for all users.

BE IT RESOLVED by the Planning Commission for the Town of Herndon that:

1. the Planning Commission hereby recommends the Town Council authorize the TA Set-Aside funding application in accordance with the Commonwealth Transportation Board construction allocation procedures; and
2. the Planning Commission hereby recommends the Town Council endorse the Central Elden Walkability Improvements Project.

VIRGINIA
MEMORANDUM

To: Mayor Merkel and Members of the Town Council
From: David Stromberg, Zoning Administrator DS
Date: September 17, 2019
Subject: Appeal - Heritage Preservation Review Board (HPRB) #19-29

The Town Council will hear the appeal of Heritage Preservation Review Board (HPRB) #19-29 at its September 24, 2019 public hearing. The record of the HPRB in this matter is attached.

The decision results from a public hearing on the application filed by the property owner, Ms. Ann Vayda Null, for a Certificate of Appropriateness to remove existing stamped metal roof shingles and replace them with architectural asphalt roof shingles on a single-family house located at 631 Oak Street. The case was heard and decided by the HPRB at its August 21, 2019 public hearing.

On August 21, 2019 the HPRB approved and issued a Certificate of Appropriateness with the required condition that the replacement roofing material be comprised of standing seam metal panels instead of the requested asphalt.

On August 23, 2019 the property owner, Ms. Ann Vayda Null, submitted a request to appeal the decision of the HPRB to the Town Council. The grounds for appeal were not stated at the time of this request.

The Town Attorney will explain the appeal process to at your work session on September 17, 2019. As this is an appeal there will be no staff report at the work session. The facts of the appeal will not be discussed, nor should questions regarding the facts appeal be raised.

The appeal will be heard at the September 24, 2019 public hearing, at which time the appellant will present her appeal. Town staff and the Chairman of the HPRB will be present to explain the Board's position. The Town Council may then affirm, modify, or reverse the decision of the HPRB, in whole or in part, or may remand the case back to the HPRB.

APPEAL of HPRB Application #2019-29
Roof Replacement - 631 Oak Street

Dear Mr. Stromberg,

In accordance with Section 78-60.3. - Heritage Preservation Overlay district (HP district), please consider this letter my appeal of HPRP #2019-29. Today, August 23rd, is well within the 14-day timeframe.

Please reply to confirm receipt and to advise any further actions required or suggested of me.

Thank you,

RE: APPLICATION FOR A CERTIFICATE OF APPROPRIATENESS FOR AN ALTERATION TO AN EXISTING STRUCTURE, HPRB #19-29, to consider an application for a Certificate of Appropriateness for the replacement of the existing stamped metal shingle roof with a new architectural asphalt shingle roof on the single-family residential building at 631 Oak Street, Herndon, Virginia, located at the intersection of Florence Place and Oak Street, and further identified as Fairfax County Tax Map 0162-02-0101. The property is zoned R-10, Residential Single Family; and consists of 19,355 total square feet of land. Owner/Applicant: Ann Vayda Null. Applicant's Representative: Jason Sickels.

Dear Mr. Sickels:

This is to notify you that the Town of Herndon Heritage Preservation Review Board, at its public hearing of August 21, 2019, voted to **approve** HPRB #19-29 with the following conditions:

1. The replacement material shall be changed to standing seam metal panels, comprised of low-profile seams (one inch or less), thin seams that are hand crimped, snow guards, and eighteen-inch to twenty-inch panel widths; and
2. The applicant shall submit amended application materials; to include the standing seam metal panel roof specifications that meet the above conditions for staff review and approval prior to approval of the Certificate of Appropriateness.

If you should have any further questions concerning the Heritage Preservation Review Board approval, please contact me at (703) 787-7380.

Per Section 78-60.3(g)(7) Appeal of COA decision to the town council, the applicant or any person aggrieved by the decision with a property interest in land abutting or across the street from property which is the subject of a final decision of the HPRB on a certificate of appropriateness, may appeal the decision to the town council, by filing a written notice of appeal with the zoning administrator specifying the grounds for the appeal within **14 days** of the final decision of the HPRB. No action shall be taken until 15 days after the final decision of the HPRB on a certificate of appropriateness. If a written notice of appeal on a certificate of appropriateness is initiated pursuant to this section, action on the certificate of appropriateness shall be stayed pending the final decision by town council.

Respectfully,

Christopher J. Garcia, AICP
Community Design Planner

HERITAGE PRESERVATION REVIEW BOARD

**CERTIFICATE OF APPROPRIATENESS
AUGUST 21, 2019**

At the public hearing held on August 21, 2019, the Heritage Preservation Review Board voted to approve HPRB #19-29, with the following conditions:

1. The replacement material shall be changed to standing seam metal panels, comprised of low-profile seams (one inch or less), thin seams that are hand crimped, snow guards, and eighteen-inch to twenty-inch panel widths; and
2. The applicant shall submit amended application materials; to include the standing seam metal panel roof specifications that meet the above conditions for staff review and approval prior to approval of the Certificate of Appropriateness.

MEMORANDUM

To: Chair Walker & Members of the Heritage Preservation Review Board

From: Christopher J. Garcia, AICP, Community Design Planner/Deputy Zoning Administrator, and Bryce A. Perry, Deputy Director of Community Development.  

Date: August 16, 2019

Subject: HPRB#19-29—631 Oak Street, Roof Replacement

This memo serves as an addendum to the HRPB staff report, dated August 2, 2019. Since the August 7, 2019 work session, staff has conducted further research and analysis on the case as proposed and possible alternatives for the Board and applicant to consider.

Applicant's Proposed Architectural Asphalt Shingles

Staff continues to recommend against the use of architectural asphalt shingles as a suitable replacement for stamped metal shingles. That alteration would not be appropriate or satisfy the applicable guidelines because it replaces a character-defining decorative historic element of a contributing resource with a modern material that does not exhibit the same aesthetic and decorative quality of the original roof. Architectural asphalt shingles, in particular, are shaped to mimic the design of a shake or slate roof that has a variety of shingles sizes. This is the direct opposite of a metal shingle roof that has uniformity in the shape, size, and pattern of its shingles that creates lines that are vertically and horizontally aligned. Additionally, the proposed asphalt shingles would match shingles on the modern garage addition, which would reduce the differentiation between the original house and the addition. The Handbook guidelines for additions cite the importance of differentiating old from new to protect the character and integrity of the contributing resource.

As you know, the Board must consider and deliberate on the application as proposed in any motion, and should expressly discuss and state the reasons for its assessment of appropriateness.

Use of Stamped Metal Shingles

Only the replacement of the existing stamped metal shingles with new metal shingles would fully meet the applicable guidelines in the Town's Heritage Preservation Handbook (Handbook) and the applicable Secretary of Interior's Standards for Rehabilitation on which the Handbook guidelines are based. Replacement with new metal shingles represents best practice and several metal shingle options are available in the market. New metal shingles would maximize retention of the historic and architectural character of the house.

Use of Standing Seam Metal Panels

The Board has recently approved standing seam metal panels as an alternative to in-kind replacement of stamped metal shingles, with specific conditions. Those conditions are: low-profile seams (one inch or less), thin seams that are hand crimped, snow guards, and eighteen-inch to twenty-inch panel widths. The Board has viewed this option as

HPRB#19-29—631 Oak Street
August 14, 2019
Page 2

appropriate, in some cases, because the standing seam metal roofs were available and regularly used when the historic house, with the subject roof, was built and because the material is also metal and shares a smooth finish that resembles the finish of metal shingles when newly installed.

The use of standing seam metal panels to replace stamped metal shingles however should be evaluated case-by-case and may not always represent a suitable replacement option. The architectural style of the building, the size and primary cladding material of the building, the roof shape and roof pitch, and other roof details may all impact the appropriateness of using metal standing seam. In some cases, the use of standing seam metal panels may show too great a visual difference compared to stamped metal shingles. The visual difference usually results from the heavy vertical emphasis created by the seams and the repeated shadow lines they generate. Metal shingles have a more consistent field texture because the pattern is presented at a much smaller scale and there aren't any components creating heavy shadow lines.

Use of Decorative Asphalt Shingles

Staff continues to explore an alternative option for replacing stamped metal shingles with decorative, geometric-patterned, asphalt shingles. There are asphalt shingles now available in the market that present geometric patterns similar in scale and decorative quality to stamped metal shingles. Some of these options are highlighted in the images below. While considered a modern material, these shingles appear to offer a visual quality that resembles the existing stamped metal shingle roof. This resemblance is tied to the shared pattern scale, shared geometric pattern, and shared texture. Additionally, by using a decorative shingle that can be presented as a decorative element of the house, the roof can retain its role as a character-defining feature.

<https://www.certainteed.com/residential-roofing/products/carriage-house/>

Motion Alternatives

Staff has three recommended alternatives for consideration. If the applicant is unwilling to consider any changes to the application as proposed, staff recommends a motion in accordance with alternative #1. If the applicant is willing to consider an alternative, staff recommends a motion in accordance with either alternative #2 or alternative #3, dependent on the Board's assessment of which replacement material is more suitable for the subject roof and house.

Alternative #1 – A motion to deny the application based on the proposed replacement material's inappropriateness.

The proposed architectural asphalt shingles' evaluation as inappropriate is based on the applicable guidelines of the Herndon Heritage Preservation Handbook. The guidelines state that features and materials important in defining the overall character of a building such as roofing materials, color, and pattern, should be retained. The guidelines also state that similar materials that match the original material in type, or a substitute material that is physically compatible and conveys the same appearance should be used for replacement. The proposed architectural asphalt shingles fail to retain the appearance of the existing roof and the character of the house by changing the roof's material, pattern, and design.

Alternative #2 – A motion to approve the application with the following conditions:

1. The replacement material shall be changed to standing seam metal panels comprised of low-profile seams (one inch or less), thin seams that are hand crimped, snow guards, and eighteen-inch to twenty-inch panel widths; and
2. The applicant shall submit amended application materials to include the standing seam metal panel roof specifications that meet the above conditions for staff review and approval prior to approval of the Certificate of Appropriateness.

Replacement of stamped metal shingles with metal standing seam panels is evaluated as more appropriate based on the applicable guidelines of the Herndon Heritage Preservation Handbook than the applicant's proposed architectural asphalt shingles. The guidelines state that features and materials important in defining the overall character of a building such as roofing materials, color, and pattern, should be retained. The guidelines also state that similar materials that match the original material in type, or a substitute material that is physically compatible and conveys the same appearance should be used for replacement. While a standing seam metal roof does not convey a similar pattern to the existing roof, it is comprised of the same material type (metal).

Alternative #3 – A motion to approve the application with the following conditions:

1. The replacement material shall be changed to decorative, geometric-patterned asphalt shingles, similar to the shingles included in the staff memo dated August 16, 2019; and
2. The applicant shall submit amended application materials to include a decorative, geometric-patterned asphalt shingle similar to the shingles included in the staff memo dated August 16, 2019, for staff review and approval prior to approval of the Certificate of Appropriateness.

Replacement of stamped metal shingles with decorative, geometric-patterned asphalt shingles is evaluated as more appropriate based on the applicable guidelines of the Herndon Heritage Preservation Handbook than the proposed architectural asphalt shingles. The guidelines state that features and materials important in defining the overall character of a building such as roofing materials, color, and pattern, should be retained. The guidelines also state that similar materials that match the original material in type, or a substitute material that is physically compatible and conveys the same appearance should be used for replacement. While any asphalt shingles would be considered a different material type that is not physically compatible with metal shingles, a decorative geometric-patterned asphalt shingles may convey a similar pattern, scale, texture, and collectively overall appearance to the existing roof.

Additional Comments

1. While not listed above as a staff recommendation, please note that staff continues to support replacement of stamped metal shingle roofs with new metal shingles as the best option for preserving the historic and architectural character of the house. If this option was pursued, a Certificate of Appropriateness and HPRB review would not be required.
2. The Handbook states that the use of modern asphalt shingles as a replacement for a metal roof dramatically alters the historic building's overall appearance. This can be particularly true in Herndon in instances where a stamped metal shingle roof provides one of the few visually impactful decorative elements of a historic building, and thus can often be a major defining feature of the building's historic and architectural character and the character and integrity of the district. Since the Handbook was written however, advancements in roofing replacement material options, such as the asphalt shingles highlighted in this memo have occurred and may reduce the extent to which a historic building's appearance may be altered when changing from stamped metal shingles to decorative geometric-patterned shingles.

August 2, 2019

Case Number & Type: HPRB #19-29; Alterations
Case Summary: Replace an existing stamped metal shingle roof with a new architectural asphalt shingle roof on a single-family residential structure
Case Location: 631 Oak Street

Location Map

Property Information

Adjacent Property HPOD Designation:	North: Contributing /Non-contributing South: Non-contributing	East: Non-contributing West: Contributing	
Associated Cases:	N/A		
Building Type(s):	Single-family residential	Date of Construction:	Circa 1910

Architectural Style(s):	Arts & Crafts, Bungalow
Exterior Material(s):	Composite: masonry (brick) walls, wood porch, unusual modified hipped roof with exposed rafter tails and wood windows
Neighborhood Design Profile:	Semi-urban single family residential

Case Details

Case Description:

This application proposes to replace the existing stamped metal roof with new CertainTeed Landmark® Series architectural shingles in a *Moiré Black* color, similar to the existing painted metal shingle color. The proposed alterations would include replacement of flashing, wood substrate and/or structural members, if needed (Attachments #1, #2, and #3)

This residential structure is a common (to Northern Virginia historic areas) Arts and Crafts styled house with a unique application of a hipped roof form, exposed shaped rafter tails, and a hyphen connecting the main structure to a garage that is not original to the site. The structure is clad with painted brick. The stamped metal shingle is a feature found on numerous residential structures within the Herndon's Heritage Overlay District (HPOD) and the structure is a contributing structure to the HPOD (Attachment #4). The roof replacement would be confined to the stamped metal shingles on the primary dwelling and will not include any modifications to attached additions or porches or to the accessory structure on site. These additions/accessory structures are currently clad with asphalt shingle roof materials.

Case Background:

The Board has reviewed and approved multiple cases in the last 12 months that specifically relate to replacement of damaged or deteriorating exterior materials with new materials, or alternative materials, such as HPRB #18-12, 1005 Grant Street in which a stamped metal shingle roof was replaced with a new standing seam metal roof. In this current case, the applicant is replacing historical metal roof material with a common, modern asphalt shingle material and design that has been usually used to update old 3-tab asphalt shingles on residential structures within the HPOD.

Applicable Design Guidelines & Criteria:

- Town Zoning Ordinance Section 78-60.3. - Heritage Preservation Overlay District (HP District) (Attachment #5)
- Town of Herndon Heritage Preservation Handbook, Chapter 11 Rehabilitation Guidelines: Roof Area (Pages 66-68)

Staff Analysis

1. The Town of Herndon Heritage Preservation Handbook (Handbook), Chapter 5 Design Analysis, at the time of its last writing in 1989, indicates that metal shingle roofs are a notable architectural feature with approximately twenty-two percent of residential structures possessing metal shingle roofs. Staff has conducted recent field

research to further investigate the prevalence and decline of metal shingle roofs within the Town's Heritage Preservation Overlay District. While many of the historic metal shingle roofs remain, they have been steadily and increasingly replaced with other character-changing roofing materials. Staff expects this trend to continue and grow as many of these metal shingle roofs are over 100 years old and reaching the end of their lifespan. The gradual disappearance of a major component of the district's architectural and historic character requires careful attention. Herndon historic resources were often built with local materials without professional design assistance using more utilitarian forms and detail instead of high style designs. This makes metal shingles some of the few remaining decorative elements on many of the historic buildings in the district. Their continued removal will impact the character defining features of each building and the overall integrity of the Town's historic assets.

2. Roofs are addressed in Rehabilitation Guidelines: Building Elements, Chapter 11: Architectural Rehabilitation Design of Existing Buildings, in the Residential Building Rehabilitation Design Section (Pages 66 - 68).

A roof is one of the most defining elements of a structure both visually and structurally as it serves the 'cover' the rest of the building from the elements. Chapter 11 in the Guidelines for Roof Areas notes that substitute materials may be used if the same kind of material is not technically or economically feasible.

Based on staff evaluation of the application; the existing roof form and material are important features of this contributing structure, which has maintained much of its original historical character, though more modern additions and alterations have been allowed on the subject property. While there has been a trend of allowing standing seam metal roofs to replace metal shingle roofs within the HPOD, there have been instances in the HPOD where property owners have successfully replaced metal shingle roofs with new metal shingles. Some of these property owners have been successful at phasing replacement of the metal shingle roofs to alleviate the complexities of using this historical material type. Metal shingle roof materials are readily available products and have similar durability and longevities as standing seam metal. Thus, the Board should carefully consider whether the replacement of the metal with a completely different material impacts the integrity of the architecture of the Contributing structure and the district.

3. Section 78-60.3(f)(1) of the Zoning Ordinance requires the HPRB to consider specific criteria/standards when reviewing applications (Attachment #6). Based on the evaluation of each criteria, staff finds the following:

The proposed replacement material is not consistent with the original design of the contributing structure on the property (See Attachment #8, HPRB Standards for Design Review (f)(1)(a) – (f)). The pressed metal shingle roofing material used on contributing residential structures is common within the Town's Heritage Preservation District, though diminishing with each approval for alternative materials.

Every building, inclusive of outbuildings, is important to the overall character of the district. The Town's Heritage Preservation Handbook (Chapter 5 Design Analysis and Chapter 11) clearly defines the architectural styles and roof materials/features, including metal shingles, that are prevalent in the HPOD. The National Parks Service, US Department of Interior preservation standards are clear concerning the treatment of historic properties/districts, specifically that *'Altering the roof and roofing materials which are important in defining the overall historic character of the building so that, as a result, the character is diminished...and changing the type or color of roofing materials' is not recommended*

(Source: <https://www.nps.gov/tps/standards/treatment-guidelines-2017.pdf>; Roofs, page 44).

While the guidance in both local and national standards is not meant to require strict adherence for all conditions, the proposed alteration does not conform to the cited recommendations and will further reduce the occurrence of the historically unique material and details found in many examples that currently exist in the Town's preservation district.

4. Staff review is largely founded on preservation best practice principles and design guidelines but also formed by professional expertise and experience. For this case, the most applicable guidelines found in the Handbook, combined with proper preservation standards, does not support the application as proposed. Staff, however, does acknowledge that inconsistent reviews and approvals at both the Board and staff levels have occurred over time regarding some similar cases. Despite a general understanding of the importance of retaining metal roof shingles to retain the HPOD's character defining features, standing seam metal roof panels have been defined as an appropriate substitute material in previous HPRB applications. In those other cases, the Board has cited this acceptance in material change due to standing seam metal roof use at the time of the historic building's original construction. Conversely, as mentioned above, several property owners have been successful in retaining this feature with like metal shingles replacements. In a few instances asphalt shingles have also been allowed.

Town staff recommends further discussion of the following alternatives for the Board and applicant to consider:

1. In-kind or new replacement of the existing pressed metal roof with like or similar metal shingle currently available or provided documentation that substantiates that this type of replacement is not feasible, and/or
2. Require installation of a more historically appropriate standing seam metal roof with low-profile seams (one inch or less), thin seams that are hand crimped, snow guards, and eighteen-inch to twenty-inch panel widths, or
3. Explore new designs for alternative, such as dimensional architectural shingles that may more closely mimic metal shingles other than what has been proposed.

Staff Recommendation:

Motion Alternatives:	1. Motion to deny the application. 2. Motion to approve the application as submitted. 3. Motion to approve with condition(s). 4. Motion for continuance of the public hearing to a date certain or the next HPRB Public Hearing for action to address a specified design issue or concern of the Board
Recommended Motion:	Motion for continuance of HPRB #19-29 to the September 18, 2019 Public Hearing, in accordance with Alternative #3, to address and determine: 1. Feasibility of in-kind replacement of the roof material with new stamped metal shingles currently available; 2. Appropriateness of a standing seam metal roof; and 3. Appropriateness of utilizing a more appropriate pattern of architectural / dimensional asphalt shingle pattern to more closely mimic the stamped metal shingle currently on the building

Heritage Preservation Review Board, C/O Department of Community Development
777 Lynn Street
Herndon, VA 20170-4602**Regarding: Residential Roof Replacement at 631 Oak Street**

Dear Chairman and Members of the Board,

Per item 1, page 3 of the Application for an Alteration to an Existing Structure, this letter describes the proposed alteration and lists all the materials.

The structures consist of:

the 2-story brick approx 100-year old home with its failing approx. 100-year old metal shingle roof
a single-story wooden front porch with an approx. 10-year old standing seam metal roof
a single-story enclosed (former rear porch) wooden laundry room with an approx. 10-year old architectural shingle roof
a single-story wood-framed, glass- enclosed breezeway with an approx. 10-year old architectural shingle roof
a 2-story wood-framed, cement-board clad garage with an approx. 10-year old architectural shingle roof

Background - since 1991 the homeowner has regularly invested in preserving the failing metal shingles (scraping, patching, painting) - - to no avail. The roof has always leaked, no matter how aggressive (and expensive) the homeowner's efforts.

The Proposed Alteration is to remove what little remains of the metal shingles with Charcoal Gray CertainTeed architectural shingle (to match the roofs of the laundry room, the breezeway, and the garage).

Materials:

Replacement wood, as needed
Moore Black CertainTeed architectural shingles
Flashings
Felt
Nails

Landmark® Premium Shingles

Landmark® PRO/Architect 80 Shingles (NW Region only)

Landmark® PRO Shingles

Landmark® Shingles

PRODUCT INFORMATION

Landmark shingles reflect the same high manufacturing standards and superior warranty protection as the rest of CertainTeed's line of roofing products. Landmark Premium (and Algae Resistant-AR), Landmark PRO (and AR) and Landmark (and AR) are built with the industry's toughest fiber glass mat base, and their strict dimensional tolerance assures consistency. Complex granule color blends and subtle shadow lines produce a distinctive color selection. Landmark is produced with the unique NailTrak® nailing feature. **Please see the installation instruction section below for important information regarding NailTrak.**

In the Northwest Region Landmark PRO (AR) is double-branded as Landmark PRO/Architect 80 (AR).

Landmark algae-resistant (AR) shingles have the additional attribute of resisting the growth of algae especially in damp regions. AR shingles are not available in all regions

Colors: Please refer to the product brochure or CertainTeed website for the colors available in your region.

Limitations: Use on roofs with slopes greater than 2" per foot. Low-slope applications (2" to 4" per foot) require additional underlayment. In areas where icing along eaves can cause the back-up of water, apply CertainTeed WinterGuard® Waterproofing Shingle Underlayment, or its equivalent, according to application instructions provided with the product and on the shingle package.

Product Composition: Landmark Series shingles are composed of a fiber glass mat base. Ceramic-coated mineral granules are tightly embedded in carefully refined, water-resistant asphalt. Two pieces of the shingle are firmly laminated together in a special, tough asphaltic cement. All Landmark shingles have self-sealing adhesive strips.

Applicable Standards

ASTM D3018 Type I

ASTM D3462

ASTM E108 Class A Fire Resistance

ASTM D3161 Class F Wind Resistance

Landmark Series Shingles

Page 2 of 3

INSTALLATION

The following is a general summary of the installation methods. Detailed installation instructions are supplied on each bundle of Landmark shingles and must be followed. Separate application sheets may also be obtained from CertainTeed.

Roof Deck Requirements: Apply shingles to minimum 3/8" thick plywood, minimum 7/16" thick non-veneer (e.g. OSB), or minimum 1" thick (nominal) wood decks. The plywood or non-veneer decks must comply with the specifications of APA-The Engineered Wood Association.

Ventilation: Provisions for ventilation should meet or exceed current HUD Standards. To ensure adequate balance ventilation, use a combination of continuous ridge ventilation (using CertainTeed Ridge Vent products, or a comparable product with an external baffle) combined with soffit venting.

Valleys: Valley liner must be applied before shingles. The Closed-Cut valley application method is recommended, using CertainTeed WinterGuard Waterproofing Shingle Underlayment or its equivalent to line the valley prior to being fully covered by the shingles.

Underlayment:

On slopes 4" per foot or greater, CertainTeed recommends one layer of DiamondDeck® or RoofRunner™ Synthetic Underlayment, or Roofers' Select® High-Performance shingle underlayment, or shingle underlayment meeting ASTM D226, D4869 or ASTM D6757. Always ensure sufficient deck ventilation, and take particular care when DiamondDeck, RoofRunner, or other synthetic underlayment is installed. For UL fire rating, underlayment may be required. Corrosion-resistant drip edge is recommended and should be placed over the underlayment at the rake and beneath the underlayment at the eaves. Follow manufacturer's application instructions.

On low slopes (2" up to 4" per foot), apply one layer of CertainTeed's WinterGuard Waterproofing Shingle Underlayment (or equivalent meeting ASTM D1970) over the entire roof deck. Or, in areas not prone to snow or ice apply two layers of 36" wide felt shingle underlayment lapped 19", or two layers of CertainTeed's DiamondDeck, RoofRunner or other synthetic underlayment per the manufacturer's low slope application instructions. Shingle underlayment should meet ASTM D6757, ASTM D4869 or ASTM D226. Ensure sufficient deck ventilation when these types of underlayments are installed. Specific and more detailed installation instructions can be found on product packaging and in the CertainTeed Shingle Applicator's Manual.

Fastening (NailTrak):

Low & Standard Slopes: On low and standard slopes, four nails are required per shingle. There are three nail lines on NailTrak shingles. Position nails vertically between the upper and lower nailing-guide lines. It is acceptable to nail between either the middle and lower lines, or between the upper and middle lines. Nails must be of sufficient length to penetrate into the deck 3/4" or through the thickness of the decking, whichever is less. They are to be located 1" and 12" in from each side of the shingle (see instructions on product wraps). Nails are to be 11 or 12 gauge, corrosion-resistant roofing nails with 3/8" heads.

Steep Slopes: On slopes greater than 21" per foot, fasten each shingle with six nails and four spots of roofing cement placed under each shingle according to application instructions provided on the shingle package. Fasteners must penetrate the two-layer common bond area that is indicated by the middle and lower NailTrak lines, also illustrated on the shingle package.

Technical Data Sheet (Continued)
Landmark Series Shingles

Page 3 of 3

Application: The recommended application method is the 'Five-Course, Diagonal Method' found on each bundle of shingles. In this method, shingle course offsets are 6" and 11". Instructions also may be obtained from CertainTeed. These shingles may be used for new construction or for reroofing over existing Metric-sized shingles.

Flashing: Use corrosion-resistant metal flashing.

Hips and Ridges: For capping hip and ridge apply CertainTeed Shadow Ridge®, Cedar Crest® or Mountain Ridge® shingles of a like color.

MAINTENANCE

These shingles do not require maintenance when installed according to manufacturer's application instructions. However, to protect the investment, any roof should be routinely inspected at least once a year. Older roofs should be looked at more frequently.

WARRANTY

Landmark Premium (and AR), Landmark PRO/Architect 80 AR, Landmark PRO (and AR), and Landmark (and AR) shingles carry a lifetime limited, transferable warranty to the consumer against manufacturing defects. In addition, Landmark Premium (and AR), Landmark Premium/Architect 80, Landmark PRO (and AR), and Landmark (and AR) carry 10-years of SureStart™ Protection. For specific warranty details and limitations, refer to the warranty itself (available from the local supplier, roofing contractor or on-line at www.certainteed.com).

Add a Little Accent to Your Roof

The visually impactful choice for capping the hips and ridges of your roof, CertainTeed's Cedar Crest® accessory shingles will complement or match any shingle in the Landmark Series. For a low-profile hip and ridge look, CertainTeed also offers Shadow Ridge® accessory shingles.

Color Companion Products™ for Flat Roof Areas

With CertainTeed Flintlastic® SA, you can coordinate flat roof areas like carports, canopies and porches with your main roof. Flintlastic SA is a self-adhering low slope roofing product available in eight colors that complement some of the most popular CertainTeed shingles.

Integrity Roof System™

Integrity is built from the bottom up. Layer-on-layer, only CertainTeed provides the peace of mind that comes with the best components performing together for peak efficiency.

- 1. Waterproof Underlayment**
Waterproofing shingle underlayment prevents leaks from wind-driven rain and ice dams
- 2. Water-Resistant Underlayment**
High-performance underlayment provides a water-resistant layer over the roof deck and a secondary barrier against leaks
- 3. Starter Shingles**
Perfect starts every time and designed to work in tandem with the roof shingles above
- 4. Roof Shingles**
Choose the best, covered by the strongest warranty in the business
- 5. Hip & Ridge Caps**
Perfect finish for hip and ridge lines, complementing all CertainTeed shingles
- 6. Roof Ventilation**
Engineered for ideal roof ventilation especially when matched with CertainTeed Intake Vents

HERITAGE PRESERVATION REVIEW BOARD STANDARDS FOR DESIGN REVIEW

Excerpts from the Town of Herndon Code of Ordinances Chapter 78 – Zoning, Article VI Overlay Districts

Sec. 78-60.3. - Heritage Preservation Overlay District (HP District).

- (a) *Purpose and intent.* The heritage preservation overlay district (HP district) is intended to provide for the establishment of historic landmarks and preservation districts as a means of preserving the historical, cultural, and architectural heritage of the town and protecting designated historic resources and is adopted pursuant to the authority granted to localities by Virginia Code § 15.2-2306.
- (b) *Applicability.* No building, structure, or sign located in the HP district shall be erected, reconstructed, altered, demolished, moved, expanded or restored except in accordance with the provisions of section 78-60.3(g), certificate of appropriateness in the heritage preservation overlay district.
- (c) *District boundaries and maps.* The boundaries of the HP district shall be shown on the town's official zoning map and on the appropriate comprehensive plan maps after action by the planning commission and town council.....
- (f) *Development within the heritage preservation overlay district.* Development located within a preservation district shall be completed in accordance with the Herndon Heritage Preservation Handbook, and the following standards:
 - (1) *Alteration, restoration or reconstruction.* A certificate of appropriateness for altering, restoring, or reconstruction of a building or structure shall be approved only after considering the following standards, as well as other appropriate matters:
 - a. Whether or not reasonable effort shall be made to alter the site, building, or structure, and its environment to the minimal extent practicable.
 - b. Whether or not alteration of the original distinguishing qualities or character of a site, building, or structure and its environment and the removal or alteration of any historic material or distinctive architectural features shall be avoided to the greatest extent practicable.
 - c. Whether all sites, buildings and structures shall be recognized as products of their own time, with alterations and reconstruction to existing buildings and structures to be consistent with the original style of such buildings and structures.
 - d. Whether or not distinctive stylistic features or examples of skilled craftsmanship that characterize a building or structure or site shall be retained and restored to the greatest extent practicable.
 - e. Whether or not deteriorated architectural features shall be repaired, rather than replaced, wherever reasonably possible, and, if replacement is necessary, whether or not new materials shall match the material being replaced in composition, design, color, texture and other visual qualities to the greatest extent practicable.
 - f. Whether or not repair or replacement of missing architectural features shall, to the greatest extent possible, be based on accurate duplications of the original features, substantiated by historic, physical, or pictorial evidence, rather than on conjectural designs or the availability of different architectural elements from other buildings or structures.
 - g. Whether or not the surface cleaning of buildings and structures constituting historic landmarks shall be undertaken with the gentlest means practicable; provided, however, that

sandblasting and other cleaning methods that may damage the existing building materials shall not be approved.

- h. Whether or not partial demolition of buildings or structures within preservation districts may be approved when one or more of the existing facades are retained for the purpose of integrating new construction into existing historic buildings or structures when such is appropriate and in accordance with the intent of this article. The town does not advocate this procedure, as it goes against the Secretary of the Interior's guidelines for rehabilitation and credits would not be allowed in such projects.
 - i. Whether or not, to the greatest extent practicable, every effort shall be made to protect and preserve archeological resources within or adjacent to the heritage preservation overlay district.
 - j. Whether or not contemporary design for alterations and additions to existing buildings and structures is compatible with the size, scale, color, material, and character of the building and structures within preservation districts, and whether or not such alterations and additions would destroy significant historical, architectural, or cultural material.
 - k. Whether or not the proposed additions or alterations to existing buildings and structures shall be done in such a manner that, if such additions or alterations were to be removed in the future, the essential form and integrity of the building or structure would be unimpaired. Whenever possible, new additions or alterations to existing buildings and structures shall be done in such a manner that, if such additions or alterations were to be removed in the future, the essential form and integrity of the building or structure would be unimpaired.
- (2) *New construction.* A certificate of appropriateness for new construction of a building or structure may be approved only after considering the following standards, as well as other appropriate matters:
- a. Whether or not the design will be architecturally compatible with the historic landmarks, buildings, and structures in the heritage preservation overlay district in terms of size, scale, color, material, and character.
 - b. No specific architectural style shall be adopted or imposed in the administration of this section.
- (3) *Moving or relocating a building .* A certificate of appropriateness to move or relocate a building or structure may be approved only after considering the following, as well as other appropriate matters:
- a. Whether or not the proposed relocation may have a detrimental effect on the structural soundness of the building or structure;
 - b. Whether or not the proposed relocation would have a negative or positive effect on other historic landmarks or on other sites, buildings or structures located within the heritage preservation overlay district;
 - c. Whether or not the proposed relocation would provide new surroundings that would be compatible with the architectural aspect of the building or structure;
 - d. Whether or not the proposed relocation is the only practicable means of saving the structure from demolition; and
 - e. Whether or not the building or structure will be relocated to another site within the corporate limits of the town or to another adjacent site that is subject to preservation control.

- (4) *Demolition.* A certificate of appropriateness to demolish a building or structure may be approved, only after reviewing and considering the circumstances and conditions of the structure or building or the part proposed for demolition, and considering the following factors as well as all other appropriate matters:
- a. Whether or not the building or structure is an historic landmark or is a building within the heritage preservation overlay district that contributes to the character of the heritage preservation overlay district;
 - b. Whether or not the building or structure is of such interest or significance that it would qualify as a national or state landmark building or structure listed on the National Register of Historic Places or the Virginia Landmarks Register;
 - c. Whether or not the building or structure is of such old or uncommon design, texture or scarce material that it could not be reproduced or could be reproduced only with great difficulty and expense;
 - d. Whether or not historic events occurred in the building or structure;
 - e. Whether or not the building or structure is structurally unsound and to what extent;
 - f. Whether or not a relocation of the building or structure or a portion thereof would be to any extent practicable as a preferable alternative to demolition;
 - g. Whether or not the proposed demolition could potentially adversely affect other historic landmarks located within a preservation district or adversely affect the character of a preservation district;
 - h. If a building is damaged by a fire or other natural hazard, the building inspector shall determine if a building is structurally sound and is in imminent danger to public safety and should be demolished;
 - i. The reason for demolishing the building or structure and whether or not any alternatives to demolition exist;
 - j. Whether or not there has been a professional, economic, and structural feasibility study for rehabilitating or reusing the structure and whether or not its findings support the proposed demolition.

This does not represent a verbatim transcript of the Heritage Preservation Review Board meeting. Visit www.herndon-va.gov "agendas & minutes" to view agendas and videos. Copies of videotapes of the public hearing meetings are available on request by contacting HCTV at 703-689-2323.

HERITAGE PRESERVATION REVIEW BOARD

**Wednesday
August 21, 2019**

The Heritage Preservation Review Board of the Town of Herndon, Virginia, met in public hearing on Wednesday, August 21, 2019 at 7:00 p.m. in the Herndon Council Chambers Building, 765 Lynn Street, Herndon, Virginia. In attendance were: Chairman Walker, Vice Chair Leslie Blaker-Glass and Board Members: Eric Boll, Mike McFarlane, Matthew Ossolinski and Hiren Shah. Board Member Eric Fielding was absent.

Others present during the meeting: Lesa Yeatts, Town Attorney; Lauri Sigler, Deputy Town Attorney; Christopher Garcia, Community Design Planner; David Stromberg, Zoning Administrator; Fermina Rochac, Community Inspector; and Erika Orellana, Clerk to Boards and Commissions.

Chairman Walker called the meeting to order at 7:00 p.m., six members present and with Chairman Walker presiding.

ANNOUNCEMENT

Chairman Walker introduced Lauri Sigler, Deputy Town Attorney.

1. CALL TO ORDER

Chairman Walker asked the Clerk to proceed with roll call.

2. DETERMINATION OF QUORUM

Chairman Walker stated that there were six members present, which constituted a quorum.

**August 21, 2019
(public hearing)**

APPROVAL OF MINUTES

**3. Vote on July 3, 2019
Work Session Minutes**

On motion of Board Member McFarlane, seconded by Vice Chair Blaker-Glass, the minutes of the Wednesday, July 3, 2019 Work Session meeting were approved by a vote of 6-0, the vote was: Board Members Boll, McFarlane, Ossolinski, Shah, Vice Chair Blaker-Glass and Chairman Walker voting "Aye." Board Member Fielding was absent.

**4. Vote on July 17, 2019
Public Hearing Minutes**

On motion of Board Member Shah, seconded by Board Member Boll, the minutes of the Wednesday, July 17, 2019 Public Hearing meeting were approved by a vote of 6-0, the vote was: Board Members Boll, McFarlane, Ossolinski, Shah, Vice Chair Blaker-Glass and Chairman Walker voting "Aye." Board Member Fielding was absent.

5. COMMENTS FROM THE BOARD MEMBERS

There were no comments from the Board Members.

6. COMMENTS FROM THE STAFF

Mr. Garcia advised the Board of the monthly outlook for the meetings in September 2019. There will be one new HPRB case on the Board's September agenda.

7. COMMENTS FROM THE AUDIENCE

There were no comments from the audience.

PUBLIC HEARINGS

**8. APPLICATION FOR A CERTIFICATE OF APPROPRIATENESS FOR A
DEMOLITION PERMIT, HPRB #19-27, to consider an application for a Certificate
of Appropriateness for the demolition of an existing accessory garage structure on the
single-family residential property at 761 Grace Street, Herndon, Virginia, located at the
intersection of Haley Place and Grace Street, and further identified as Fairfax County
Tax Map 0162-0008B. The property is zoned R-10, Residential Single Family; and
consists of 16,818 total square feet of land. Owners/Applicants: James M. Dodson and
Martha-Helene Stapleton.**

**August 21, 2019
(public hearing)**

Certificates of Publication were filed from the Editor of the *Fairfax County Times Newspapers*, showing that notices of said public hearing had been duly advertised in the Friday, August 2, 2019 and August 9, 2019 issues.

Chairman Walker opened the public hearing and called on Christopher Garcia, Community Design Planner, for the staff report.

Mr. Garcia presented the staff report dated August 2, 2019 dated, which is on file in the Department of Community Development.

Staff recommended approval of HPRB #19-27 with the following conditions:

1. The interior and exterior of the buildings shall be documented prior to the commencement of demolition with the documentation provided to town staff before the demolition permit is issued;
2. Documentation shall include archival quality printed and electronic photographs that follow the Historic American Building Survey photography guidelines;
3. Photographs shall be in both color, as well as black and white, shall be printed in an 8" by 10" format, and shall show:
 - a. Each exterior elevation;
 - b. Each interior space;
 - c. Close-ups of any character-defining material or detail;
 - d. Perspective views from at least two corners;
 - e. At least two environment views showing the setting and relation to nearby structures, roads, and landscaping; and
4. The proposed demolition shall be completed in substantial conformance with the application and supporting materials as submitted July 15, 2019.

Chairman Walker recognized Martha-Helene Stapleton, the applicant.

Mrs. Stapleton provided comments regarding the intent and need for the request for demolition of the subject building.

Chairman Walker called on the audience to come forward to provide their comments.

The following individual came forward and presented comments:

**August 21, 2019
(public hearing)**

- Jim Leach provided comments in support of the proposed demolition

There was no discussion amongst the Board members on this item.

Following the public hearing, Vice Chair Blaker-Glass moved approval of HPRB #19-27 in accordance with the conditions recommended by staff. This motion was seconded by Board Member Boll.

Following brief comments, the question was called on the motion, which was carried by a vote of 6-0. The vote was: Board Members Boll, McFarlane, Ossolinski, Shah, Vice Chair Blaker-Glass and Chairman Walker voting "Aye." Board Member Fielding was absent.

9. **APPLICATION FOR A CERTIFICATE OF APPROPRIATENESS FOR AN ALTERATION TO AN EXISTING STRUCTURE, HPRB #19-29, to consider an application for a Certificate of Appropriateness for the replacement of the existing stamped metal shingle roof with a new architectural asphalt shingle roof on the single-family residential building at 631 Oak Street, Herndon, Virginia, located at the intersection of Florence Place and Oak Street, and further identified as Fairfax County Tax Map 0162-02-0101. The property is zoned R-10, Residential Single Family; and consists of 19,355 total square feet of land. Owner/Applicant: Ann Vayda Null. Applicant's Representative: Jason Sickels.**

Certificates of Publication were filed from the Editor of the *Fairfax County Times Newspapers*, showing that notices of said public hearing had been duly advertised in the Friday, August 2, 2019 and August 9, 2019 issues.

Chairman Walker stated that there have been eleven comments received and entered into the record.

Chairman Walker opened the public hearing and called on Christopher Garcia, Community Design Planner, for the staff report.

Mr. Garcia presented the staff report dated August 2, 2019 and the staff memo dated August 16, 2019, which are on file in the Department of Community Development.

Staff recommended a continuance of HPRB #19-29 to determine an alternative solution if the applicant was amenable to one of the following:

1. Require installation of a more historically appropriate standing seam metal roof;
2. In-kind or new replacement of the existing pressed metal roof; or

**August 21, 2019
(public hearing)**

3. Explore new designs for alternative, such as dimensional architectural shingles to closely mimic metal shingle texture.

Staff also stated that if the applicant was not amenable to exploring any of the proposed design alternatives, staff would recommend denial of HPRB #19-29 due to non-conformance with the Heritage Preservation Handbook design guidelines as noted in the staff report and updated memo provided to the Board.

The Board members had several questions for staff regarding the recommended alternatives and potential future roof material alternatives which were answered by Mr. Garcia.

Chairman Walker recognized Ann Vayda Null, the applicant and property owner.

Ms. Null provided comments regarding the intent and need for the request for replacement the roof on the subject building using the material selected in the application. There were questions for the applicant and a brief discussion amongst the Board members on this item with the applicant.

Chairman Walker called on the audience to come forward to provide their comments.

There were no comments from the audience.

Main Motion

(DIED FOR LACK OF SECOND)

Board Member McFarlane moved **APPROVAL** of HPRB #19-29, so long as it is in substantial conformance with the materials submitted. This motion failed due to lack of a second.

Main Motion

(SUBSEQUENTLY APPROVED)

Vice Chair Blaker-Glass moved **APPROVAL** of HPRB #19-29, with the following conditions:

1. The replacement material be changed to standing seam metal panels given the majority of in-kind replacements to date on Park Avenue, Nash Street and Elden Street consistent with the HPRB guidelines and Secretary of the Interior standards which the town follows, and comprised of low-profile seams (one inch or less), thin seams that are hand crimped, snow guards as appropriate, and eighteen-inch to twenty-inch panel widths consistent with the majority of in-kind replacements to date with the stamped metal shingles roofing for metal on metal; and

**August 21, 2019
(public hearing)**

2. The applicant shall submit an amended application with materials to include the standing seam metal panel roof specifications. As the owner indicated in her August 8 letter, she had received a quote from a company she previously worked for with a standing seam metal solution.

This motion was seconded by Board Member Shah.

**Amendment to (NOT ACCEPTED)
Main Motion**

Board Member Ossolinski offered an **AMENDMENT** that should the owner find that staff's source for a new type of metal shingle is a less expensive option than a standing seam, and staff agrees it is comparable as an acceptable replacement for an historical shingle in the guidelines, that the HPRB allow the proposal should it be an option that the owner prefer that option, with administrative approval by staff.

This was not accepted by the maker or seconder.

**Vote on (APPROVED)
Main Motion**

Chairman Walker asked Vice Chair Blaker-Glass to confirm that the main motion stands as stated. The maker and seconder affirmed the main motion, as stated.

[For the purpose of clarity, the main motion as stated, follows:

- to **APPROVE** HPRB #19-29, with the following conditions:
 1. The replacement material shall be changed to standing seam metal panels comprised of low-profile seams (one inch or less), thin seams that are hand crimped, snow guards, and eighteen-inch to twenty-inch panel widths; and
 2. The applicant shall submit amended application materials to include the standing seam metal panel roof specifications that meet the above conditions for staff review and approval prior to approval of the Certificate of Appropriateness.]

Following brief comments, the question was called on the motion, which was carried by a vote of 5-1. The vote was: Board Members Boll, Ossolinski, Shah, Vice Chair Blaker-Glass and Chairman Walker voting "Aye." Board Member McFarlane voting "Nay." Board Member Fielding was absent.

**August 21, 2019
(public hearing)**

10. **APPLICATION FOR A CERTIFICATE OF APPROPRIATENESS FOR A WALL OR WINDOW SIGN, HPRB #19-31**, to consider an application for a Certificate of Appropriateness for the installation of a new business sign on the commercial building at 790 Station Street, Herndon, Virginia, located at the intersection of Station Street and Pine Street, and further identified as Fairfax County Tax Map 0162-02-0280. The property is zoned CC, Central Commercial; and consists of 6,539 total square feet of land. Owner/Applicant: Lynn Street Associates, LP. Applicant's Representative: Anthony Bashorun, Signarama.

Certificates of Publication were filed from the Editor of the *Fairfax County Times Newspapers*, showing that notices of said public hearing had been duly advertised in the Friday, August 2, 2019 and August 9, 2019 issues.

Chairman Walker opened the public hearing and called on Christopher Garcia, Community Design Planner, for the staff report.

Mr. Garcia presented the staff report dated August 2, 2019 dated, which is on file in the Department of Community Development.

Staff recommended approval of HPRB #19-31 with the following conditions:

1. The proposed sign shall be relocated and integrated with the other existing sign panels on the front elevation, facing Station Street;
2. Any holes in the exterior façade that may remain from reorienting/reorganizing the placement of the new and existing sign panels shall be filled/repared prior to reinstallation of the sign panels on the front elevation;
3. All design modifications required as conditions of approval shall be submitted to staff for approval prior to issuance of a Certificate of Appropriateness and/or issuance of building permit; and
4. The proposed sign shall be installed in substantial conformance with updated supporting materials submitted on July 15, 2019, July 30, 2019, and any subsequent updates required.

Chairman Walker recognized the applicant.

The applicant was not present.

There were no comments from the audience.

There was no discussion amongst the Board members on this item.

**August 21, 2019
(public hearing)**

Following the public hearing, Board Member Shah moved approval of HPRB #19-31 in accordance with the conditions recommended by staff. This motion was seconded by Vice Chair Blaker-Glass.

The question was called on the motion, which was carried by a vote of 6-0. The vote was: Board Members Boll, McFarlane, Ossolinski, Shah, Vice Chair Blaker-Glass and Chairman Walker voting "Aye." Board Member Fielding was absent.

ADJOURNMENT

There being no further business, the meeting adjourned at 8:18 p.m.

Dear Town Council,

I would urge you to give homeowner Ann Null a favorable ruling concerning her roof/shingle situation so that she can get it completed before further damage is done. It is clear she has tried in good faith to work within all guidelines presented and I hope you can work with her as well so there is no unnecessary delay.

Gratefully,

Subject: Heritage Preservation Review Board Meeting Tonight re: Ann V Null Application 2019-29

CAUTION: This email originated outside the Town of Herndon's email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I support Ann V Null's application for a new roof, and hope you too, can accept what she has proposed for redoing her roof top at her home on Oak Street. Ann and her now ex-husband purchased the house in the 90's., where she raised her two sons to be fine adults, now one is married and a parent too.

Ann, now owns the house alone and living on her Senior Fixed Income, major improvements are a definite hard-ship on one retired income, in today's world.

I hope you can see, "Guide Lines" set by the Heritage Preservation Review Board are to be guide lines only, not law. You can make your final decision as to whether you want to keep long standing Senior Citizens in their homes or force them to move to another state for lack of big money you require her to spend replacing her roof. Ann has always felt Herndon is a special place to live and one she hopes to retire in.

I was born and raised my entire 81 years in Herndon, a place I have always called my home and the best place to raise children. My ex-husband started the first Optimist Little League Football Team (60's), and he and my late uncle Haley Smith, started the first Optimist Little League Basketball Teams. Haley later started the first Soccer Teams. Thousands of young children in Herndon had a chance to play , grow, and develop into wonderful adults, that still live in Herndon.

Owning my home on 630 Wood Street (around the corner from Ann), if this were to happen to me, I would have to sell my home, if you refused a work with me too. We did not earn the wages and get the retirement you earn today. I am happy for you, but why penalize we seniors who help build Herndon into a stronger community for many years to come.

I can not attend tonight to help fight for Ann, so I rest my case and hope it will be a positive outcome for her.

Sincerely,
 Mary S. Burger

Hi,

We are the owners of 106 Pearl St and have been talking with Ann, the owner of 631 Oak St. We understand she would like to put a new roof with modern materials on her house. As neighbors in our community and Town of Herndon residents, we don't have an issue with her proposal.

I believe she is presenting in front of the preservation board this week, can you please forward our email to them.

Thanks,
Jessi and Parham Ghanipour

Good morning,

I write this email to express my support for my good friend, Anne Vayda Null, who will seek permission from the Heritage Preservation Review Board for a watertight roof for her home at 631 Oak Street.

As a longtime resident of the town, I would much prefer a slightly more modern looking roof on an historic structure than risk significant water damage to that structure.

Fellow residents of our hometown Herndon:

Tonight I seek permission to finally get a watertight roof. If you feel so moved, please email the Heritage Preservation Review Board c/o town.clerk@herndon-va.gov in support of application 2019-29.

Thank you!

Here's the L...O...N...G version

Heritage Preservation Review Board
Public Hearing 2019.08.21

HPRB #19-29 - Residential Roof Replacement at 631 Oak Street

Chairman, Members of the Board, and Staff,

Questions

I have asked of Staff that the Town Attorney issue an interpretation of the "consideration of expenses" wording.

I've also asked that the public record reflect how many among this board currently reside in a heritage structure and have chosen HPD's impositions for themselves.

Preservation is worthy

I am a long-term Herndon citizen who treasures our rich history; and I share the Board's preservation goal. I have been trying to preserve the pressed tin shingles since 1991 (more than 25 years). My former husband and I have repeatedly contracted historic restorationists to scrape, patch, and paint - an expensive and inconvenient process. And yet my roof continues to leak, damaging the wooden sub-structure and the ceiling plaster. I am newly the sole owner and sole decision-maker for a home (that I have long loved and nurtured). I raised my two sons in this home, and I am eager to raise my grandchildren here. This is not a case of a quick flip for profit. I'm a long-term, proud steward of a modest but contributing structure.

Saving history requires Accommodation

As you well know, two neighboring Heritage structures on Florence Place are no longer salvageable due to failed metal roofs. Allowing water-tight functional roofs is a critical act of preserving the heritage structures beneath them.

Esthetics

As noted on the historic landmark survey form, my roof is described as 'other' - "unusual modified hipped roof" ... "Odd hipped roof....." ... NOT a traditional roof line that would lend itself well to replacement with standing seam.

My personal esthetics preclude standing seams with their pronounced striping appearance on the busy, steep angles of this unique roof.

Regarding the rounded, fish-scale style asphalt shingles (included in the Staff Report), the attached garage and breezeway have architectural shingles. Again, my taste precludes the esthetic busy-ness of additional roofing material as visual clutter.

Financial Hardship

This property needs a lot of work. Disproportionately directing all spending to the roof,

precludes preservation elsewhere in the structure. I am neither the Sultan of Brunei nor Mother Theresa. This Board is not college scholarship review board and should not base its decision on whether funding is from: "Tony the Shark", the sale of one of my kidneys, or from my modest retirement. This decision is about reasonable stewardship of finite resources.

Amend application?

As I offered to staff, would the Board consider covering the 'eyebrow' / dormer windows with standing seam to match the standing seam on the front porch, and adding snow guards?

Nuanced Discernment

The guidelines are printed in black and white with little need of interpretation. You have been selected and appointed to this Board for to introduce the human element.

Conclusion

The roof needs to be replaced before there is significant additional damage to the structure. The leaking is acute, time is of the essence; and I respectfully decline a continuance. This evening I urge your approval - with or without the proposed amendments.

Thank you

DATE: 19 August, 2019

TO: Herndon Preservation Review Board

RE: HPRB #19-29:
Resident Comment for Architectural Review Board Meeting Wednesday, August 21, 2019

APPLICATION FOR A CERTIFICATE OF APPROPRIATENESS FOR AN ALTERATION TO AN EXISTING STRUCTURE

"to consider an application for a Certificate of Appropriateness for the replacement of the existing stamped metal shingle roof with a new architectural asphalt shingle roof on the single-family residential building at 631 Oak Street."

Applicant: Ann Vayda Null

Comment:

As neighbors and neighborhood homeowners in the preservation area (also in R10), we believe that the applicant's request is entirely in keeping with the goals and aims of the Herndon Preservation Review Board's charter for preserving Herndon's character.

In keeping with the Review Board's stated goal of "assisting homeowners, not dictating to them,"[1] the homeowner's request to replace the dilapidated, patched, and yet still leaking metal roof with architectural shingles will not only help to keep the homeowner financially able to properly maintain her historic property (and thus stave off replacement by a commercial buyer with the funds to demolish and replace the existing home), it will actually improve the visual continuity of the home, which already has an attached garage with architectural shingles that look entirely appropriate for the home and the block in which the home stands.

We support the homeowner's application, and urge the Preservation Board to approve a Certificate of Appropriateness for this applicant.

Regards,

Charles (Tim) and Ellen (Ellie) Morrow
631 Spring Street
Herndon, VA 20170

STAFF REPORT

Town Council
September 17, 2019

Title:

Resolution to approve a temporary license agreement to use a designated public space in the alley adjacent to Jimmy's Old Town Tavern for outdoor seating for an event

Staff Contacts:

David S. Stromberg, Zoning Administrator
(703) 787-7380
david.stromberg@herndon-va.gov

Lesa J. Yeatts, Town Attorney
(703) 787-7370
lesa.yeatts@herndon-va.gov

Summary:

This resolution approves a temporary license agreement which grants permission to Jimmy's Old Town Tavern to use the town alley located between 689 and 681 Spring Street for outdoor seating during an event on October 6th of 2019.

Description:

The applicant, Jimmy's Old Town Tavern, is requesting authorization to use designated alley public space located between 689 and 681 Spring Street for outdoor seating during an event from 11:00 a.m. to 11:00 p.m. on October 6th of 2019. The applicant has also requested a Temporary Use Permit pursuant to Section 78-90.2 of the Town of Herndon Zoning Ordinance.

This resolution authorizes the Mayor to sign the necessary license agreement to permit Mile 20 to utilize the town's property.

Recommendation:

We recommend the Mayor and Town Council adopt the attached resolution approving the license agreement.

Attachments:

1. Resolution
2. Temporary License Agreement
3. Temporary Use Permit Application
4. Sketch of Property/Vicinity Map
5. Noise Permit

Prepared and Approved by:

TOWN OF HERNDON, VIRGINIA

RESOLUTION

September 24, 2019

Resolution- to approve a temporary license agreement to use a designated public space in the alley adjacent to Jimmy's Old Town Tavern for outdoor seating for an event

BE IT RESOLVED by the Town Council for the Town of Herndon, Virginia that:

1. The Town Council approves a temporary license agreement dated September 24, 2019 between the Town of Herndon as licensor and JOTT, INC. d/b/a Jimmy's Old Town Tavern (Jimmy's) as licensee. The license allows Jimmy's to use designated alley public space adjacent to Jimmy's for outdoor seating during an event on October 6th of 2019. The license agreement may contain other terms agreed to by the Mayor and is on file in the office of the Town Attorney.
2. The Mayor is authorized to sign and deliver this license agreement and any other instrument to evidence or support the license agreement
3. This resolution shall be effective on and after the date of its adoption.

AGREEMENT

This Agreement ("Agreement") is made this 24th day of September 2019 by and between JOTT, INC. d/b/a Jimmy's Old Town Tavern ("Jimmy's") and the TOWN OF HERNDON, VIRGINIA, ("Town").

WHEREAS Jimmy's represents that they have a Temporary Use Permit to conduct an event in the Town of Herndon on October 6th of 2019 represented in "Exhibit 1" attached hereto ("Permit") and that Jimmy's would like to use the Town's property behind Jimmy's Old Town Tavern Restaurant as shown on the Permit and known as the "Alley";

WHEREAS the Town desires to permit the use of the Alley by Jimmy's on these dates as described in the Permit (on October 6th of 2019 only).

Now therefore the parties agree as follows:

1. The Town hereby grants Jimmy's authorization to temporarily use the Alley for purposes described in the Permit
2. Jimmy's shall comply with the terms of the Permit and all applicable town, state and federal laws and regulations obtaining and maintaining at all times any other permit(s) required under applicable law for this use.
3. The parties expressly agree and contract that there shall be no fee for the use of the Town property on this occasion only.
4. The permission to use the property granted by this agreement is nonexclusive in nature, and the Town reserves the right to make concurrent use of the Property.
5. Jimmy's hereby assumes all risk of damage by reason of its occupation of the Alley caused by any defects therein or activity occurring thereon, whether caused by the negligence of the Town, its officers, agents, or employees, or otherwise, and Jimmy's hereby agrees to hold harmless and indemnify the Town, its officers, agents and employees, from and against any such liability for such damage or injury to the extent permitted under the laws of the Commonwealth of Virginia.
6. Jimmy's shall secure, provide and maintain insurance to protect the Town of such type and in such amount as is described below naming the Town as an additional insured. This Agreement shall not take effect until evidence of insurance is provided to the Town and the Town gives Jimmy's written confirmation that the type and amount of insurance is accepted.

Insurance limits shall not be less than the following amounts:

Commercial General Liability – Combined single limit of at least \$1,000,000 per occurrence and \$2,000,000 general aggregate. Policy shall be endorsed to name the Town as an additional insured.

The insurance required hereunder shall be maintained in effect during the duration of this Agreement. Insurance Policy(s) shall contain a valid provision or endorsement that the policy may not be canceled, terminated, changed or modified without giving thirty (30) calendar days advance written notice thereof to the Town.

7. Termination: The Town may terminate this Agreement upon 24 hours notice to Jimmy's for cause.

8. This Agreement, having been executed in the Commonwealth of Virginia, the construction and performance thereof or any dispute shall be governed by the laws of Virginia. Venue shall be proper in the County of Fairfax, Virginia.

9. This Agreement contains the entire and only agreement between the parties and it supersedes and merges all pre-existing agreements. Any representations, understandings, promises and any conditions not expressly incorporated herein shall not be binding upon either party or their respective successors in interest.

Re: Temporary Use Permit for the Extension of Retail Sales, Sunday, October 6, 2019

Dear Mr. Stromberg,

This letter serves as a Request/Application for permission for Jimmy's Old Town Tavern, 697 Spring Street, to have the Town of Herndon issue a Temporary Use Permit for the Extension of Outdoor Retail Sales per The Town of Herndon Zoning Ordinance, Division 3. Temporary Uses; Sec. 78-1392 Item (3) and Sec. 78-1395 Item (3) Outdoor Retail Sales Events & Sec. 78-1395 Item (4). Additional Permits for Temporary Use inclusive of Sunday, October 6, 2019 from 8am to 11:00pm.

Enclosed please find the following:

- Drawing of the proposed area
- Letters signed by the adjacent business allowing this event (The Upholstery Shop)
- Letter to the ABC Board of Virginia requesting an extension of license privileges.

If you have any questions, please contact me at 703-470-4014.

Sincerely,

A handwritten signature in cursive script that reads "James C. Cirrito".

Re: Temporary Use Permit for the Extension of Retail Sales for Outdoor Event, October 6, 2019.

Dear Mr. Ocel:

Relative to your request, I hereby give my permission for my business neighbor, Jimmy's Old Town Tavern, to provide an outdoor event on October 6, 2019 from 8am to 11pm. The location shall be in the alleyway behind and adjoining our businesses. The purpose of this event is to provide and sell food and beverages as an extension of the existing retail business known as Jimmy's Old Town Tavern.

Re: Noise Permit for July 21 and October 6, 2019

Dear Mr. Cirrito:

This is in response to your request for a noise permit for your fundraiser on July 21, 2019 from 4:00 – 10:00 pm to be held at the Beer Garden located at Jimmy's Old Town Tavern, 697 Spring Street and your Alley Event on Sunday, October 6, 2019 from 11:00 am – 8:00 pm at the same location. Since there will be amplified sound, a noise permit is required for these events. Your request is approved in accordance with the Town's noise ordinance, which allows music to be played until **10:00 p.m.**, and this letter will serve as your permit.

By copy of this letter to the Herndon Police, I am advising them of your upcoming event, since they enforce the noise ordinance.

Best wishes for a successful fundraiser.

Sincerely,

A handwritten signature in black ink that reads "Bill Ashton".

Hi Michelle,

We booked a Fundraiser on Sunday, July 21st from 4-10pm. It's the Finals for the Fastest Bartender Contest. We are hoping to host it in the Beer Garden, weather permitting.

Also, our next Alley Event will be on Sunday, October 6th from 11am until 8pm, this is the Buffalo Bills Tailgate party.

Thank you for helping!

STAFF REPORT

Town Council
September 17, 2019

Title:

Resolution to approve a temporary license agreement for the use of the Town public parking lot designated as Fairfax County Tax Map # 0162-02-0301C1, located behind Mediterranean Breeze at 781 Station Street, for a Saturday Anniversary event for Mile 20 at Mediterranean Breeze. The property is zoned PD-D, Planned Development - Downtown, District

Staff Contacts:

David S. Stromberg, Zoning Administrator
(703) 787-7380
david.stromberg@herndon-va.gov

Lesa J. Yeatts, Town Attorney
(703) 787-7370
lesa.yeatts@herndon-va.gov

Summary:

This resolution approves a temporary license agreement granting permission to Mile 20 for use of the public parking lot located behind the Mediterranean Breeze, 781 Station Street, in order to hold an event.

Description:

The applicant, Mile 20, is requesting authorization to use the town public parking lot located behind the Mediterranean Breeze on September 29th from 12:00 p.m. to 10:00 p.m. to conduct an event commemorating a one-year anniversary. The applicant has also requested a Temporary Use Permit pursuant to Section 78-90.2 of the Town of Herndon Zoning Ordinance.

The parking lot is located behind the Mediterranean Breeze. It contains 38 public shared parking spaces, including 2 handicapped spaces serving the downtown businesses. A portion of the parking lot will remain open to the public and will have signs posted stating it is not to be used for event parking. The applicant will also prepare temporary signage instructing attendees to park in the public parking lot at 731 Lynn Street or the public parking garage located at 768 Center Street. Two additional pedestrian access points to the lot are located along Lynn Street.

This resolution authorizes the Mayor to sign the necessary license agreement to permit Mile 20 to utilize the town's property.

Recommendation:

We recommend the Mayor and Town Council adopt the attached resolution approving the license agreement.

Attachments:

1. Resolution
2. Temporary License Agreement
3. Temporary Use Permit Application

RESOLUTION

September 24, 2019

Resolution- to approve a temporary license agreement for the use of the Town public parking lot designated as Fairfax County Tax Map # 0162-02-0301C1, located behind Mediterranean Breeze at 781 Station Street, for a Saturday Anniversary event for Mile 20 at Mediterranean Breeze. The property is zoned PD-D, Planned Development - Downtown, District

BE IT RESOLVED by the Town Council for the Town of Herndon that:

1. The Town Council approves a temporary license agreement dated September 24, 2019 between the Town of Herndon as licensor and TERYANNA, LLC. d/b/a Mile 20 at Mediterranean Breeze ("Mile 20") as licensee. The license allows Mile 20 to use a designated Town parking lot behind Mediterranean Breeze for an event on September 28th of 2019. The license agreement may contain other terms agreed to by the Mayor and is on file in the office of the Town Attorney.
2. The Mayor is authorized to sign and deliver this license agreement and any other instrument to evidence or support the license agreement
3. This resolution shall be effective on and after the date of its adoption.

AGREEMENT

This Agreement ("Agreement") is made this 24th day of September 2019 by and between TERYANNA, LLC. d/b/a Mile 20 at Mediterranean Breeze ("Mile 20") and the TOWN OF HERNDON, VIRGINIA, ("Town").

WHEREAS Mile 20 represents that they have a Temporary Use Permit to conduct an event in the Town of Herndon on September 28th of 2019 represented in "Exhibit 1" attached hereto ("Permit") and that Mile 20 would like to use the Town public parking lot designated as Fairfax County Tax Map # 0162-02-0301C1 located behind Mediterranean Breeze at 781 Station Street ("Parking Lot").

WHEREAS the Town desires to permit the use of the parking lot by Mile 20 on these dates as described in the Permit (on September 28th of 2019 only).

Now therefore the parties agree as follows:

1. The Town hereby grants Mile 20 authorization to temporarily use the parking lot for purposes described in the Permit
2. Mile 20 shall comply with the terms of the Permit and all applicable town, state and federal laws and regulations obtaining and maintaining at all times any other permit(s) required under applicable law for this use.
3. The parties expressly agree and contract that there shall be no fee for the use of the Town property on this occasion only.
4. The permission to use the property granted by this agreement is nonexclusive in nature, and the Town reserves the right to make concurrent use of the Property.
5. Mile 20 hereby assumes all risk of damage by reason of its occupation of the parking lot caused by any defects therein or activity occurring thereon, whether caused by the negligence of the Town, its officers, agents, or employees, or otherwise, and Mile 20 hereby agrees to hold harmless and indemnify the Town, its officers, agents and employees, from and against any such liability for such damage or injury to the extent permitted under the laws of the Commonwealth of Virginia.
6. Mile 20 shall secure, provide and maintain insurance to protect the Town of such type and in such amount as is described below naming the Town as an additional insured. This Agreement shall not take effect until evidence of insurance is provided to the Town and the Town gives Mile 20 written confirmation that the type and amount of insurance is accepted.

Insurance limits shall not be less than the following amounts:

Commercial General Liability – Combined single limit of at least \$1,000,000 per occurrence and \$2,000,000 general aggregate. Policy shall be endorsed to name the Town as an additional insured.

The insurance required hereunder shall be maintained in effect during the duration of this Agreement. Insurance Policy(s) shall contain a valid provision or endorsement that the policy may not be canceled, terminated, changed or modified without giving thirty (30) calendar days advance written notice thereof to the Town.

7. Termination: The Town may terminate this Agreement upon 24 hours notice to Mile 20 for cause.

8. This Agreement, having been executed in the Commonwealth of Virginia, the construction and performance thereof or any dispute shall be governed by the laws of Virginia. Venue shall be proper in the County of Fairfax, Virginia.

9. This Agreement contains the entire and only agreement between the parties and it supersedes and merges all pre-existing agreements. Any representations, understandings, promises and any conditions not expressly incorporated herein shall not be binding upon either party or their respective successors in interest.

Mile 20 at Mediterranean Breeze Anniversary Party

We are looking to hold an anniversary party extending our license into the rear parking lot of our building. We would like to rent from the town the music stage and covering tent that is usually set up during the prior downtown festivals. We will pull our needed electrical from our building. We are looking to additionally set up a beer trailer and also food truck to offer food outside. As well as our restaurant supplying food for people to consume on the premises. Additionally we would like the town Barricades to close off the top of the parking lot, and use the snow fencing to enclose the bottom half of the parking lot per ABC requirements for controlling where people may go with drinks. The people will be able to flow in and out of the restaurant during the event. This will help in any event of weather. We plan on doing live music and possibly some other entertainment during the day to please the people.

Dear Mr. Orme:

This is in response to your request for a noise permit for the Mile 20 anniversary party to be held on September 28, 2019 at 781 Station Street, including the rear parking lot of the building, from noon until 10:00 pm. Since you will be using amplified sound, you are required to have a noise permit. Please keep in mind that the noise permit only allows amplified sound between 7:00 am and 10:00 pm.

I am approving the noise permit and this letter will serve as such. By copy of this letter to the Herndon Police, I am advising them of your event since they enforce the noise ordinance.

Best wishes for a successful event.

Sincerely,

A handwritten signature in black ink, appearing to read "Bill Ashton", with a stylized flourish at the end.

RESOLUTION

SEPTEMBER 24, 2019

Resolution- to accept the State of the Town Report, Fiscal Year 2019.

WHEREAS, pursuant to Chapter 4-2(d) of the Town of Herndon Charter, the Town Manager is required to prepare for publication and to submit to the Town Council each September at a regular meeting in September a concise, comprehensive report of the financial transactions and administrative activities of the Town government during the immediately preceding fiscal year; and

WHEREAS, following the Town's annual audit, a Comprehensive Annual Financial Audit report of the Town is presented to the Town Council in December; and

WHEREAS, the Town Manager has prepared a report of the administrative activities of the Town government titled "*Town of Herndon Annual Report FY 2019*," including an Executive Summary; and

WHEREAS, a copy of the report is posted on the Town's Web site and is available to citizens at the Herndon Fortnightly Library and the Herndon Municipal Center.

NOW, THEREFORE, BE IT RESOLVED that the Town Council of the Town of Herndon, Virginia, hereby accepts the "*Town of Herndon Annual Report FY 2019*."

STAFF REPORT

Town Council
September 17, 2019

Title:

Resolution– To Authorize an Application to the Virginia Department of Transportation (VDOT) for the Allocation of Revenue Sharing Funds.

Staff Contact:

John Irish, Deputy Director of Public Works
(phone) 703-435-6853
(e-mail) john.irish@herndon-va.gov

Background:

The Revenue Sharing Program for Fiscal Years 2021-22 is administered by the Virginia Department of Transportation to provide additional funding to construct, improve or maintain the roadway systems. Town staff desires to submit an application for an allocation of funds up to \$650,000 for the Pavement Overlay Program.

The intent of the Revenue Sharing Program is to provide additional funds to localities for relatively small, immediately needed improvements, or to supplement funds for existing projects. Revenue Sharing Program funds are generally expected to be used to finance project costs in the same fiscal years as allocation and projects should be in active development that is leading to their completion within the near term. Projects receiving funds from the program should have construction initiated within two fiscal years subsequent to allocation, or the funds may be at jeopardy for reallocation to other projects. Staff has prepared an application that includes the Pavement Overlay Program, as these paving projects are most likely to be successfully implemented with this program.

Fiscal Impact:

The town must commit a minimum of fifty percent in matching funds, or \$325,000 within the two fiscal years subsequent to allocation.

TOWN OF HERNDON, VIRGINIA

RESOLUTION

September 24, 2019

Resolution- To Authorize an Application to the Virginia Department of Transportation (VDOT) for the Allocation of Revenue Sharing Funds.

WHEREAS, the Revenue Sharing Program provides additional funding to construct, improve or maintain the highway system; and

WHEREAS, the program is administered by the Virginia Department of Transportation in cooperation with the participating locality, under the authority of Section 33.1-23.05 of the Code of Virginia; and

WHEREAS, the Town of Herndon may directly apply for this program since it maintains its own streets; and

WHEREAS, the town must provide VDOT with a Revenue Sharing application and resolution, outlining its request to participate and support of the potential projects identified for possible funding by October 1, 2019; and

WHEREAS, the town staff desires to submit an application for an allocation of funds up to \$650,000 through the Virginia Department of Transportation Fiscal Years 2021 - 22 Revenue Sharing Program; and

WHEREAS, the town must commit a minimum of fifty percent in matching funds, or \$325,000 within the two fiscal years subsequent to allocation, along with a town/VDOT agreement prior to beginning a locally administered project; and

WHEREAS, these funds in the amount up to \$650,000, are requested to fund the Pavement Overlay Program in the town.

NOW, THEREFORE, BE IT RESOLVED that the Town Council of the Town of Herndon, Virginia hereby authorizes an application be submitted for the allocation of up to \$650,000 through the Virginia Department of Transportation Revenue Sharing Program.
