He indicated that the meeting would not be livestreamed, but it would be recorded and posted after the meeting.

**2. Discussion**

**a. Communication Program Update**

Mayor LeBlanc recognized Brent Heavner, Chief Communications Officer, who provided an overview of demographics, age, household composition, languages spoken, median income, and proposed growth models for the Town's population. He referenced the latest Town survey, which was two years old, and discussed the ways that residents reported receiving information from the Town. He highlighted

current initiatives, and discussed how the communications program is positioned to continue supporting effective engagement with residents, businesses, and visitors.

Mr. Heavner reported that the Town has integrated its Communications and Economic Development functions into a collaborative department focused on coordinated messaging, business engagement, resident outreach, and brand stewardship. This integration is intended to strengthen alignment of communication, supporting economic vitality, customer service, and civic engagement. He then reviewed developmental priorities and brand development process for the coming year.

There was discussion among the Council and staff about the Town's Communications program, including:

1. Improvements to the Town's website, with general agreement that static pages could be enhanced to better convey information.
2. The Town's social media pages, including a request from Mayor LeBlanc to provide LinkedIn analytics; Councilmember del Aguila suggested use of LinkedIn Navigator tools.
3. The annual Town calendar, with Mr. Heavner confirming plans to continue its use.
4. Use of AI as a tool for communications and marketing.
5. Use of paid social media advertisements.

**b. Proposed Community Donation Policy - Follow Up**

Mayor LeBlanc recognized Dan Hoffman, Town Manager, who stated that this is the second review of the proposed community donation policy and included a series of hypothetical scenarios. He noted that more information would be presented at the next review of this policy. Based on the Council's feedback during their last discussion, staff changed the weights of the criteria, which could be further adjusted depending on the outcome of that evening's discussion. He reviewed the evaluation matrix, which included eight scenarios, and asked for Council's feedback.

There was discussion among the Council and staff about the scoring criteria and evaluation process, including:

1. Considering whether to assign weighting to smaller organizations, or to set aside specific funding for those groups. Concern was noted about establishing separate processes for different organization types.

2. Vice Mayor Hedrick suggested implementing the process for one or two years and evaluating whether adjustments to the criteria for smaller donation requests are needed.
3. Consideration of how implementing this policy will align with the FY 2027 budget process.
4. Review of the scoring criteria and how different organizations may be impacted when evaluated under the proposed criteria.
5. How Herndon schools would apply under the proposed criteria and considerations relative to providing donations to schools.
6. Identifying annual funding priorities to include in the program for the following year.

Following discussion and with the consensus of Council, staff was asked to make the following changes before the item returns to the Council for review:

1. Separate donations by organization size, allocating 75 percent of available funds to larger organizations and 25 percent to smaller organizations, the policy to be reviewed evaluated next year.
2. Provide a clearer and more tangible definition of the “community impact” variable.
3. Apply the revised, more defined criteria and re-run the scenarios.

Responding to questions from Councilmember Lloyd about the broader process, Mr. Hoffman stated that he would follow up with him outside of the Council meeting.

Following the re-run of the scenarios, staff will bring back the policy to the Town Council for further discussion and direction. Mr. Hoffman noted that the Council will consider what may qualify as a "Town event" during the next discussion of the policy.

### 3. **Roundtable**

Councilmember Reyes: no comments.

Councilmember Lloyd: no comments.

impacted by several bills currently being considered by the General Assembly. He stated that he had reviewed the proposal and would follow up with Councilmember del Aguila.

There was a brief question and answer period between Mr. Hoffman and Councilmember Lloyd about the proposed state legislation related to affordable housing.

Councilmember Garcia: no comments.

Vice Mayor Hedrick: stated for the good of the order that the Town Council voted to censure one of its members at their last regular meeting. He noted the importance of maintaining accountability for the effective functioning of the Council and the Town.

Dan Hoffman, Town Manager: reported that last year, the Council adopted an ordinance requiring property owners to clear adjacent sidewalks.
